TO-MORROW LAST DAY FOR PURCHASING BONDS

30,000 FINNS TO AID YUDENITCH IN DRIVE TO CAPTURE PETROGRAD

*Hope Is Entertained City Will Be Taken
Within Few Weeks; Finns' Decision May
End Baltic States-Bolshevik Peace Move*

Helsingfors, Nov. 13.—Via London, Nov. 14.—The Baltic States conference at Dorpat has been advised that Finland has decided to aid General Yudenitch with 30,000 soldiers in a new attempt to take Petrograd within the next few weeks.

This development late to-day may seriously interfere with and possibly speedily bring to an end the efforts of the Baltic States delegates here to reach an agreement with the Russian Bolsheviks.

A delegate to the conference intimated to the correspondents here that such great pressure had been suddenly brought to bear upon the conference that it would be impossible to attempt to negotiate a peace with the Bolsheviks. Reports here are that the pressure came from Great Britain and France.

An important statement explaining the changed position of the conference is expected to be made at 7 p. m. Friday by M. Piep, the Estonian Foreign Minister, and Carl Pauluk and Dr. Schulpas, leaders, respectively, of the Latvian and Lithuanian delegations.

"It is possible that to-morrow will be the last day of the conference," said the informant of the correspondents, with regard to the changed situation.

Not Blockade.
Asked as to the nature of the pressure which was alleged to have been brought to bear upon the conference, the delegate said:

"Pressure can be exercised by other means than a blockade, which would be rather crude. There are a hundred ways, including financial and economic methods."

200,000 Germans.
The delegate emphasized the assertion that there were 200,000 German troops in East Prussia, saying: "They would be glad to join in the fight against the Bolsheviks if they were permitted to occupy the Baltic states."

BOLSHEVISM IS FOUND IN SCHOOLS

Even Some Teachers in Chicago High Schools Are "Red"

Chicago, Nov. 14.—Bolsheviks and Reds have found a fertile field for their propaganda among Chicago high school students and have recruited some faculty members, according to a charge made to-day by Dr. William J. Barthold, principal of Crane Technical High School and College, in discussing the suspension of two seniors of that institution. The youths, Alfred Sturte, aged twenty, son of a naturalized German, and Jacob Sacks, whose father is a naturalized Russian, refused to observe the minute of silence in honor of soldier dead on Armistice Day. The attention of Federal authorities has been called to the case.

VANCOUVER G. W. V. A. WANTS REFERENDUM ON GRATUITIES

Vancouver, Nov. 14.—All their doubts set aside by the action of the Dominion Government in finally rejecting any suggestion of a further gratuity to veterans of the Great War, and by the speech of H. H. Stevens, M. P., at a special meeting of the branch Wednesday evening, the members of the local branch of the Great War Veterans' Association have decided to ask the Dominion executive of the nation-wide organization to take steps to compel the Dominion authorities to test the feeling of the country on the matter. This was decided upon at a meeting of the branch last night, with President Whitaker in the chair, at which a resolution, moved by Comrade Mackenzie, was passed strongly recommending that the local branch

CLIMBING RECORD HAS BEEN BROKEN

An Italian Aviator Succeeds;
Plane on New York-
Chicago Flight

Rome, Nov. 14.—A military pilot named Leri has broken the speed record for altitude, reaching a height of 5,000 metres in eleven minutes.

To Chicago.
Minneapolis, N.Y., Nov. 14.—Vice-Admiral Mark Kerr's giant Handley-Page bombing aeroplane took the air from Mitchell Field shortly after 7 o'clock this morning for a non-stop flight to Chicago. The plane carried eight passengers and 3,000 pounds of express for the American Railway Express Company.

Admiral Kerr expected the trip to take about ten hours. The freight consists of 1,500 pounds of women's clothing and furs.

The plane faced a twenty-mile northwest wind at the hop-off. Major J. Brackley, of the British Royal Air Force, piloted the giant craft. Colonel Archie Miller, commanding all the army aviation fields on Long Island, went as a guest of Admiral Kerr. A representative of the express company and four mechanics were the other passengers who left in the machine.

Engines Chilled.
It was intended to start before day-break, but cold weather chilled the engines and delayed the departure. The mechanics had worked on the engines for the greater part of the night, in the glare of powerful searchlights. Just before the start containers filled with hot food which the passengers expected to eat en route were placed on board.

BLOCKADE OF FIUME HAS BEEN RAISED

Copenhagen, Nov. 14.—The Italian Government has officially raised the blockade of Fiume, according to advices from that city received through Labach, Austria.

SCOW-LOADS OF CARTRIDGES DUMPED IN ST. LAWRENCE

Quebec, Nov. 13.—Three scows laden with cartridges from the war ordnance stores, said to be no use further, were towed into the middle of the river at noon to-day and sunk. They were made for the Lee-Enfield rifle, used overseas after the Ross rifle was abandoned, and are said to have been part of a huge surplus on hand.

NEGROES ADVISED TO STAY INDOORS

Dangerous Situation in Wilmington, Delaware; Negroes Murdered Policeman

Wilmington, Del., Nov. 14.—Fearing enraged citizens might attempt to lynch three negroes charged with murdering one policeman and probably mortally wounding another in Wilmington, police last night rushed the prisoners to Philadelphia. The negroes, Lem, James and John Price, brothers, were being held in the central police station here.

The police have been instructed to prevent the assemblage of crowds. Rifles and machine guns are at police headquarters. The sale of firearms in the city has been stopped, and negroes have been warned to keep off the streets.

Guns Stolen.
The murdered policeman was Thomas Seebly. Harry Pierce, the wounded policeman, was shot three times and is not expected to live.

The shooting occurred when the two policemen went to the Price home to investigate the stealing last week of scores of guns from a gun store.

GENERAL HOUSING PLAN IN SAANICH

Important Scheme For Limited Liability Company Is Outlined

At a meeting last night of Saanich residents at St. Mark's Hall, called by Reeve Jones, a plan presented by the Reeve to form a limited liability company for the development of the district was accepted with enthusiasm and about twenty-eight of those present at the meeting promised their financial support to the scheme, by taking shares.

Meet Unemployment.
The scheme presented by the Reeve would, he believed, help in a great measure to solve the unemployment problem they were faced with this winter, and also contained greater possibilities.

"There is a demand for houses all over the world," the Reeve said. "People come to British Columbia looking for houses, and being unable to find them, are forced to go to other districts where they hope for better success."

Great Possibilities.
The Reeve believed there were great possibilities in house building. "We have started in our district," he said, "under the name of the soldiers' housing scheme an organization under the management of Major Spurgin, which is approaching perfection and which I believe, given a little time will reach perfection. I believe under such a scheme we can build houses better than the contractors can. Why should we not unite, and form a company to receive the profits the contractor gets?"

Recommending the formation of a limited liability company he explained that in case the company went into liquidation, the stockholders would only be responsible for the amount of stock they subscribed for. He suggested they should set their capital at \$50,000. "There is no limit to my mind," he remarked, "on the prosperity of such an organization. The capital could be shared from \$10.00 upwards." Mentioning activities of the suggested company the Reeve stated they might run a saw mill. They might send loggers out into the woods to get the lumber for the mill. He believed they could rent a saw and door factory, and there was to-day an enormous demand for saunas and doors. They were able to buy some of their material cheaper than the contractors, and with regard

TRIESTE DISPATCH SAYS D'ANNUNZIO NOT NOW IN FIUME

Trieste, Nov. 14.—A telegram to the Stock Exchange here states that Gabriele d'Annunzio has left Fiume.

MURDER CHARGES AGAINST TEN I. W. W. AT CENTRALIA

Centralia, Wash., Nov. 14.—Prosecution of the Industrial Workers of the World held here in connection with the Armistice Day parade shooting and deaths here Tuesday will be pressed immediately despite the testimony introduced at the coroner's inquest yesterday, C. D. Cunningham, Assistant County Attorney, announced to-day. Cunningham made his statement in commenting upon the testimony made at the inquest by Dr. Frank Bickford, one of the marchers, to the effect that the former soldiers attacked the I. W. W. hall before any shots were fired.

Charges of first-degree murder are to be filed against ten alleged I. W. W. arrested here in connection with the shooting. Prosecuting Attorney Herman Allen announced to-day. The charges probably will be incorporated in complaints filed in the justice court some time to-day.

One At Large.
The ten are T. C. Morgan, J. H. McInerney, Bert Bland, Commodore Bland, J. H. Lamb, Eugene Barnett, Britt Smith, Roy Becker, Loren Roberts, and a man named Faulkner. All are in jail except Faulkner, a fugitive from justice. Bert Bland, it has been charged, fired the shot that killed Grimm, commander of the local American Legion post. A description of Bland has been sent to police authorities throughout the country.

American Legion men here to-day were endeavoring to round up sixteen alleged I. W. W. who came here from the north last night on a freight train. According to a brakeman on the train, they were all armed.

Shot in Shoulder.
Centralia, Wash., Nov. 14.—C. A. Godfrey, who described himself as a millworker, was shot in the shoulder early this morning as he was driving an automobile through Chehalis. The shot was fired by a former service man, acting as a guard, after Godfrey had failed to obey a command to halt, repeated several times.

150 Deputies.
Aberdeen, Wash., Nov. 14.—Sheriff Jeff Bartell has sworn in 150 American Legion members as special deputies to aid him in a country-wide fight against the "Reds."

Barred.
Tacoma, Nov. 14.—"The Eagles" Lodge here to-day gave notice that the Workers', Soldiers' and Sailors' Council will be barred in the future from using Eagles' Hall. Alleged anarchistic meetings have been held in the hall frequently in the past.

Memorial Service.
Centralia, Wash., Nov. 14.—A public memorial service for the four former American soldiers killed by alleged I. W. W. during the Armistice Day parade shooting here Tuesday will be held here late to-day under the auspices of the Grand Hodge Post, American Legion. All four were members of the post. Lieut. Warren O. Grimm, one of the dead, last week was elected post commander.

Large delegations of American Legion and other former service men were arriving here in large numbers from all parts of the state to attend the memorial service.

(Concluded on page 4)

A \$50 BOND CAN BE BOUGHT FOR \$5 DOWN AND REMAINDER IN YEAR

Though the three-week loan drive will end to-morrow, generally speaking, the people of Victoria, loan officials state, have not discovered that a \$50 Victory Bond can be purchased for \$5 down and \$5 a month for ten months, and a \$100 bond for \$10 down and \$10 a month for ten months; that the banks will "carry" the bonds at five and a half per cent, interest; that as this interest is yielded by the bond the purchaser loses nothing; that, as a matter of fact, a \$50 bond so purchased costs only \$49.75, and a \$100 bond \$99.50; that if the purchaser finds himself unable to complete payment, the bond houses in the city will purchase his bond, paying him all the money he has paid, with interest to date added; that bonds can be bought from over seventy salesmen, from the Dugout, from the offices of any of the Returned Soldiers' organizations, from Victory Loan Headquarters, 1321 Government Street, from a table in the General Post Office, from tables in some of the larger stores all Saturday, and from the banks.

PRESIDENT POINCARÉ NOW LORD RECTOR OF GLASGOW UNIVERSITY

Glasgow, Nov. 14.—Raymond Poincaré, President of the French Republic, was installed yesterday as Lord Rector of Glasgow University. The French President was given a hearty welcome.

TRAVELLING HEALTH OFFICER APPOINTED

Dr. E. C. Arthur, of Nelson, is
Choice of the Oliver
Cabinet

In the appointment this morning by the Oliver Cabinet of Dr. E. C. Arthur, of Nelson, to the position of Travelling Medical Health Officer and Hospital Inspector for the Province, an important development in the work of the Provincial Board is made possible.

Hon. J. D. MacLean, Supervising Minister of the Department of Health, explained that Dr. Arthur's duties as Hospital Inspector will involve frequent visits to the various private and public institutions throughout the Province, while he will be prepared to give such advice as may tend to increase their efficiency and scope. It will also be within his sphere to give advice on sanitation and to maintain general supervision over this important phase of the Board's activities more especially in the unorganized districts.

It is pointed out by Dr. MacLean that British Columbia is the only Province in Canada up to the present time without an officer for the duties outlined above, notwithstanding the fact that the Government pays in per capita grants to hospitals approximately \$500,000 per annum. He sees efficient and economical working of the plan, however, for the simple reason that it assures to the Department a continuous report on health and sanitary conditions while in the course of his travelling mission Dr. Arthur will be able to give useful advice where advice is needed.

Dr. Arthur is well known throughout the Nelson district, where he has been engaged in active practice for twenty years. He was recently returned from service overseas after doing useful medical and sanitary work under military orders.

PRESIDENT POINCARÉ RETURNS TO FRANCE

Dover, Eng., Nov. 14.—President and Mme. Poincaré departed for France to-day.

A STUDENTS' LARK, SAYS W. E. JOHNSON

American Prohibition Worker
Speaks of Attack in
London

Eye Injured; When Better He
Hopes to Address
Students

London, Nov. 14.—William E. Johnson, an American prohibition worker and Anti-Saloon League organizer who yesterday was dragged from a platform and badly handled by a crowd here while making a prohibition speech, discussed his experiences with a reporter to-day. He admitted that when he was first attacked he attempted to fight off the crowd, but that when he found it was only a students' lark he entered into the fun and enjoyed himself.

"The boys were all right," Mr. Johnson declared. "The police handled the situation well; if they had tried to force things a lot of people might have been hurt."

Message to Students.
"I am sending this message to the students: 'You had a good time. I had a good time. I have no complaints, but if you want fun get into the game against the greatest enemy of the human race—drink.'"

Mr. Johnson hopes, when the injury to his eye is better, to visit the college and address the students.

The injury to Mr. Johnson's eye is a painful one, and is said to have been caused by a missile thrown by an unknown person.

PARTIES BID FOR SOLDIERS' VOTES

Federal Election Campaign in
Australia Now in Full
Swing

London, Nov. 14.—The Sydney correspondent of The Morning Post says the Federal election campaign in Australia is now fairly launched and there is every prospect of a hard fight for the soldiers' vote. The executive of the Returned Soldiers' Association seems solid for Premier Hughes, but the organization is still loose and many of the rank and file are uncertain.

Apparently the soldiers' vote will decide between the two parties. In a few cases farmers' candidates are splitting the votes for Mr. Hughes.

Gratuities.
A battle has raged for two weeks over promised gratuities totalling £25,000,000. Mr. Hughes offered bonds redeemable at a subsequent date, while Mr. Ryan, Opposition Leader, offered cash. Thereupon, Mr. Hughes offered cash to those in need of it, but appealed to the soldiers to accept bonds from patriotic motives. Now, however, Mr. Hughes has discarded the compromise, having announced at Adelaide that the banks have agreed to cash the bonds on demand. The bonds would be issued when Parliament meets.

Several returned soldiers are candidates, including generals, junior officers and non-commissioned officers. They are all of the Nationalist Party. If General Monash, the Australian overseas commander, had been in Australia, it is certain he would have been asked to stand as a candidate.

Two in Vancouver Charged With Taking \$31,000 From Firm

Vancouver, Nov. 14.—S. W. S. Evans, cashier for Evans, Coleman & Evans, and S. M. Strachan, manager for Johnson & Reeve, are charged with misappropriation of funds aggregating \$31,000 from the firm of Evans, Coleman & Evans. Both men are at liberty on \$2,500 bail. The funds are alleged to have been taken from time to time. Twenty thousand dollars of the shortage is attributed to Evans, while Strachan, who is charged with aiding and abetting, is claimed to have been responsible for the disappearance of \$11,000.

CITY'S INVESTMENT SLIGHTLY BELOW THE AVERAGE NECESSARY

Total Last Night \$336,294 Below \$5,000,000
Objective; Drive Will Have to Speed Up
To-day and To-morrow

Greater Victoria yesterday fell slightly below the average investment necessary each day if she is to reach her \$5,000,000 Victory Loan objective by to-morrow night. While a daily average of \$170,000 is essential for ultimate success, investments yesterday amounted to \$164,650. This brought the city's total up to \$4,663,706, which is \$336,294 below her objective and \$1,463,706 above her quota. During to-day and to-morrow, therefore, \$336,294 must be invested. The heads of the loan organization are confident that this will be done.

The Victory Comb.
"The great Victory Loan comb is working to perfection," General Clark, Island Loan Chairman, observed to-day. "The salesmen are now making their final effort, for to-day and Saturday represent the last hours of the campaign. They have made a stern resolve to reach that Five Million mark and then to go well over it for good measure, but they know that it is going to be hard work."

"We can make the objective by to-morrow night, but we will have to speed up. We are not there yet. Every citizen must get behind that button. We need every dollar if, as last year, Victoria is to keep faith."

Drive on Island Speeding Up.
With all points over their quotas, the loan drive is speeding up on the Island outside Victoria. Already Cobble Hill, Shawinigan and Cassidy have doubled their objectives, and Courtenay, Cumberland and Port Alberni have passed their objectives by a large margin. Duncan now has reached her objective.

Nanaimo Hears Currie on Loan.
Nanaimo gave a most enthusiastic welcome last night to General Sir Arthur Currie on his visit to this city to speak at a public gathering under the auspices of the Victory Loan Committee.

Sir Arthur spoke for nearly an hour, and during that time confined his remarks to the last hundred days of the war. In conclusion, Sir Arthur referred eloquently to the memory of the 50,000 comrades who sleep in France and Flanders, and expressed the hope that Canada would never forget her fallen heroes.

To-Morrow "Clean-Up" Day.
The programme arranged for to-morrow, the last day of the Victory Loan Campaign, promises to supply a whirlwind finish.

The question, "Where's your button?" is going to be asked so many times during the day by those men that it will in all probability be hard for them to concentrate on any other form of conversation.

The loan organization believes that the Victory Loan is an investment that cannot be beaten, and as every dollar that is subscribed helps our returned heroes, our district and our country, the salesmen claim the right to politely interrogate anyone that is

GERMAN DELEGATES TO SIGN PROTOCOL

Paris, Nov. 14.—The German delegates charged with signing the protocol regarding execution of the armistice terms are expected in Paris Monday.

DRURY FARMERS' CABINET IS IN CONTROL IN ONTARIO

Toronto, Nov. 14.—The Government of the Province of Ontario passed into the hands of the Farmers' Coalition Cabinet, headed by E. C. Drury, shortly before noon to-day, when the new Premier and his colleagues were sworn in at Government House by the Lieutenant-Governor, Sir John Hendrie. They then proceeded to the Parliament Buildings, where they were introduced to the staffs of their respective Departments, to whom, in every case, each new head was practically a stranger.

Only one member of the Cabinet, Hon. Beniah Bowman, M. P. P. for Manitoulin and Minister of Lands, Forests and Mines, was a member of the last Legislature, and none of the others have ever had seats in the Ontario House. Seats in the present

TOLMIE WOULD SEND AGENT TO LONDON

Says Expert Should Look After Country's Agricultural Exports

Minister Also Favors Enlarging of Cold Storage Facilities.

Ottawa, Nov. 14.—The placing of a Canadian representative in London to look after the development of Canada's exports of agricultural produce is advocated by Hon. S. F. Tolmie, Minister of Agriculture, in a foreword to the November issue of The Agricultural Gazette, issued by the Department of Agriculture.

After dealing with the growth of the national debt and expressing the view that it can be handled by the development of the national resources of the Dominion, Dr. Tolmie proceeds:

"I believe the time has arrived when the agricultural interests of Canada should have the very best man available located in London to look after our business and to see that our goods are placed on the market in the best possible shape.

"It is the aim of the Government to locate for the farmers the best market and keep them apprised of their state and informed on all points pertaining to their business.

Cold Storage.

"I favor the enlarging of our cold storage facilities for overseas shipping, and believe this will be a step in assisting us to compete with foreign countries. We cannot control export prices, but we seek to place our goods economically on foreign markets and thus increase our ultimate returns."

Dr. Tolmie concludes: "We need immigrants, but we want the kind that will promote harmony, unity and industry throughout the Dominion. Our immigrants must be selected, and only those who will adopt our standard of living and respect our laws can be considered desirable people to become adopted as Canadian citizens. The many difficulties we now face can be overcome if we labor in harmony for the purpose of meeting our financial obligations without agricultural products."

COUNTESS TOLSTOI'S DEATH ANNOUNCED

Widow of Russian Novelist
Died November 4, Says
Dispatch

London, Nov. 14.—Countess Tolstol, widow of the famous Russian novelist, died at Yasnaya, Poliana, November 4, according to a dispatch to The Daily Mail from Helsingfors.

Countess Tolstol, before her marriage, was Sophia Behrs, daughter of a fashionable Moscow physician. She was married to Count Tolstol in 1862. The couple had sixteen children.

Count Tolstol's vagaries in his later life, which led him to flee from his family in search of a simple mode of living, were said to have been a great strain upon his wife.

VANCOUVER STUDENT PERISHED IN RIVER AT PHILADELPHIA

Philadelphia, Nov. 14.—The body of Frederick L. Jenkins, of Vancouver, B. C., a student at the University of Pennsylvania, who disappeared on October 30, was found yesterday in the Schuylkill River. Friends of the family identified the body.

On the day Jenkins disappeared a man was seen to jump from a bridge over the river near the navy campus and police boats had been dragging for the body ever since. Young Jenkins was the son of H. L. Jenkins, a Vancouver lumber dealer.

RUB SPRAINS, PAINS AND SWELLING AWAY

Don't suffer! It's so needless— instant relief follows a rubbing with "St. Jacobs Liniment."

Rub it on a sprained ankle, wrist, shoulder, back or a sprain or strain anywhere, that's when you realize the magic in old, honest "St. Jacobs Liniment" because the moment it is applied, out comes the pain, ache, soreness and swelling. It penetrates right into the injured muscles, nerves, ligaments, tendons and bones, and relief comes instantly. It not merely kills pain, but soothes and heals the injury so a quick recovery is affected. Get a small trial bottle of "St. Jacobs Liniment" right now at any drug store and stop suffering. Nothing else sets things straight so quickly—so thoroughly. It is the only application to rub on a bad sprain, strain, bruise or swelling.

MINE WORKERS AND VETERANS' REQUEST

Sydney, N. S., Nov. 14.—That the United Mine Workers of Nova Scotia are actively preparing to support the demands of the war veterans for a scheme of civil re-establishment in line with their own ideas is the news that comes from the United Mine Workers' headquarters at Glace Bay. It is learned that strong resolutions are being prepared by the miners of District No. 26 and that these will be soon submitted for approval to the local unions.

WISH TO AVOID LOSING THEIR HALL

Duncan Citizens Would Have Agricultural Society Keep Building

Duncan, Nov. 14.—The Duncan Board of Trade has passed a resolution pledging its co-operation in any scheme the Agricultural Society may put forward to retain the Agricultural Hall here for the benefit of the district. There is a mortgage on it.

The Fisheries Committee of the Board has been asked to make inquiries with regard to the guardians of the river, it having been reported that they had been removed, and also to take up the old question of allowing Indians to sell fish caught locally.

Alderman Dickie having resigned, F. A. Monk was elected to the Council and F. G. Alderay was appointed secretary.

Dance.

The Foresters' dance held in the Knights of Pythias Hall here was a very pleasant function. The hall was very beautifully decorated with evergreens and flags. The music was provided by the Foundation Band and the floor was excellent. The catering for over 400 dancers was in the capable hands of the Cowichan Women's Institute.

Women's Institute.
At a meeting of the Women's Institute Mrs. Leather presided in the absence of the president, Mrs. Blackwood-Wileman. A heated discussion took place as to the question of paying the expenses of a representative to the conference in Victoria out of the Library funds, the reason given being that the member was expected to get some information from the library authorities with regard to the books expected from the Victoria Library under the recently consummated arrangement.

QUEEN ALEXANDRA SENT MESSAGE TO PRESIDENT WILSON

Washington, Nov. 14.—A message from Queen Alexandra to President Wilson yesterday said:

"President Wilson, Washington: 'I do hope with all my heart that you are feeling stronger now and that the rest after your wonderful work for the benefit of the whole world has given you fresh strength and health for the future. I am so glad you were able to spare a moment to see my precious grandson. With kindest remembrance to your wife, (Signed) 'Alexandra.'"

The President replied: "Her Majesty Queen Alexandra: 'Your Majesty's message gave Mrs. Wilson and me a great deal of pleasure. The welcome accorded your grandson here is from the heart. I am happy to say I am steadily improving, and Mrs. Wilson and I shall always hope to renew the friendship so delightfully begun. We unite in the most cordial messages and in thanking you for your thought of us. (Signed) 'Woodrow Wilson.'"

PRINCE OF WALES CALLED ON WILSON

Washington, Nov. 14.—President Wilson, propped up in the great mahogany bed in which Baron Renfrew, later King Edward VII, slept when he visited Washington in 1888, greeted yesterday the grandson of that British King, in Albert Edward, Prince of Wales.

The Prince was taken to the President's sick room after he had had tea with Mrs. Wilson and the President's daughters, Miss Margaret Wilson and Mrs. Francis B. Sayer.

Soon after the President and the Prince had exchanged greetings, the Prince had noticed that his visitor was looking closely at the massive old bed and told him its story—how the Prince's great grandfather had slept in it when he was entertained at the White House by President Buchanan, and of it being the same bed in which President Lincoln had slept.

The President inquired of the Prince as to his father, mother and grandmother, and mentioned particularly the pleasure with which he had received a cablegram during the day from Queen Mother Alexandra.

Sir Robert Borden, who has been at White Sulphur Springs, West Virginia, recuperating from a recent illness, arrived in Washington during the day to greet the Prince. The Prime Minister attended the dinner at the British Embassy last night, and the reception which followed.

"The Water of Eternal Youth"

The beauties of the Austrian court of bygone days used a lotion which was so effective in keeping the face smooth and free from wrinkles, even in the aged, they named it the "water of eternal youth."

Some one recently has divulged the secret of this wonderful, though exceedingly simple, wrinkle lotion, which in her gratitude she has similarly dubbed a preserver of youth: One ounce pure salicilic (powdered), dissolved in a half pint witch-hazel—that's all there is to it. Any woman can get these ingredients at any drug store, put them together and use the solution with entire safety. To bathe the face in the same briny water, the result, even in the case of the deeper wrinkles and furrows. This is also effective for hanging cheeks and double chin.

GERMAN TRADE.

Madrid, Nov. 14.—The German Embassy here has announced that Germany is ready to send merchandise, especially dyestuffs, to Spain.

BY-ELECTIONS IN UNITED KINGDOM

Lady Astor Opposed by Labor and Liberal Candidates

London, Nov. 14.—Four by-elections for the Commons are now in progress.

Plymouth, where Lady Astor is pursuing a lively contest, will poll on Saturday and the counting will take place November 23. W. T. Gay, her Labor opponent, thinks he will win with 12,000 votes against Lady Astor's 10,000. Lady Astor declares she will receive 14,000 of a majority. More dispassionate prophets, including the Unionists, estimate a heavy Labor vote.

In South Croydon the counting will take place November 27. The vacancy was caused by the resignation of Ian Malcolm. The Unionist candidate is Sir Allen Smith, and the Liberal candidate, Alderman Houder. The campaign is phenomenally quiet. The Thanet vacancy was caused by the death of Commander Craig. The Unionist candidate is Hon. E. Harmsworth, son of Lord Rothmere, who is making a great feature of alleged waste by the Government. The Liberal candidate is Captain West. This campaign also is uneventful.

CHARGE OF MURDER AGAINST EX-POLICEMAN; ATTEMPT AT SUICIDE

Regina, Nov. 14.—John Wilson, formerly a sub-inspector in the Dominion Police enforcing the Military Service Act, is in a hospital here with 100 stitches in his throat, following an attempt to commit suicide with a small penknife while in a police cell. Mary Wilson, whom he married in Scotland in 1908, is missing, and has not been seen since September 27, 1918, and is believed to have been murdered by her husband, according to the police.

"DANDERINE" PUTS BEAUTY IN HAIR

Girls! A mass of long, thick, gleamy tresses

Let "Danderine" save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, thin, scraggly or fading. Bring back its color, vigor and vitality.

Get a 35-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp; check dandruff and falling hair. Your hair needs this stimulating tonic; then its life, color, brightness and abundance will return—Hurry!

LORD GREY'S SIGHT MAY BE IMPROVED

Halifax, Nov. 14.—The Canadian Press learns on the most reliable authority, from a passenger on one of the big liners coaling here, that the cause of the blindness with which Viscount Grey, British Ambassador to Washington, is afflicted, has been diagnosed by an eminent United States specialist, Dr. Wilmer, of Washington. The origin of the affliction is said to have been found in an abscessed tooth, which has impaired the optic nerve.

Viscount Grey, it will be recalled, was obliged to withdraw from political life on account of this affliction, and it was only for reasons of principle bound up in the appointment that he accepted temporarily the position of Ambassador to the United States.

The hope is now entertained that the discovery of the cause of the eye trouble has not come too late, and it is even believed that his sight may be fully recovered.

A CALGARY ARREST.

Calgary, Nov. 14.—Arrested as he was about to step aboard the C. P. R. Trans-Canada train for Montreal, Arthur King, in an attempt to jump his bail on a charge of counterfeiting, was arrested by Detective Sharpe, of the provincial police, and taken to the barracks, where he put up a fight. He had a gun, a bottle of whiskey and some cocaine in his pockets. He will now face four additional charges.

BAKERS REBEL.

Payre, Nov. 14.—The bakers here decided yesterday to close their stores as a protest against the new prices officially fixed for the sale of bread.

INTEND TO VISIT EASTERN CANADA

Washington, Nov. 14.—Arrangements are being made for a short tour of Eastern Canada by the members of the delegations from Great Britain, South Africa and India to the International Labor Conference here. Invitations to this effect have been tendered by the Dominion Government and by the Canadian Manufacturers' Association. The date of the party's arrival in Canada will depend on the progress made at the Conference, but it is expected they will be able to leave here before the end of the month.

According to the present arrangements, it is proposed to proceed via Niagara Falls to Ontario industrial centres, then to Ottawa, Montreal and St. John, N.B.

GERMAN PAPERS BARRED.

Mayence, Nov. 14.—General de Goutte, commander of the Inter-Allied troops of occupation on the Rhine, has forbidden circulation in the French zone of The Frankfurt Gazette and The Frankfurt Volksstimme, because the newspapers published slanderous articles against the French authorities.

IF POSLAM CAN HELP YOUR SKIN --DO LET IT

If Poslam holds any comfort, any satisfaction or you in being the means to relieve and eradicate eczema or any stubborn skin trouble, let it bring you these benefits at once. They will seem ever so welcome if you have suffered long. There is no risk! Poslam, canva brings quick improvement. A little does much because it is highly concentrated. Urges your skin to become clearer, brighter, healthier by use of Poslam Soap, medicated with Poslam.

WORLD MADE NEW, SAYS RALPH CONNOR

Pittsburg, Pa., Nov. 14.—Major Charles W. Gordon (Ralph Connor), of Winnipeg, in addressing delegates to the third World's Christian Citizenship Conference here yesterday, dwelt upon the significance of the new world made new by the lives of men. "That red smear of blood," he said, "brought us a great spiritual unity."

The cause of unrest in the world to-day he ascribed to the fact that men will not recognize that a new order of things has come into being, and are trying to run the world. "They have not yet grasped the notion that in all ways the world is new," he said.

Calls to make the world saloonless were voiced at the conference.

HIGHER WAGES FOR RAILWAY EMPLOYEES

Montreal, Nov. 14.—It was announced by the Canadian Railway War Board that an agreement providing for increases in rates of pay and certain changes in working conditions was signed yesterday by the Board, on behalf of the railways concerned, and by the officials of Division No. 4, Railway Employees' Department, American Federation of Labor, which includes in its membership Canadian railway employees engaged in the locomotive and car departments.

The agreement was signed on behalf of the Board by the Chairman of its advisory committee, Grant Hall, and for the employees by F. J. Tallon, Frank McKenna and Charles Dickie, president, vice-president and secretary, respectively, of the labor organization.

Negotiations which culminated in the agreement completed yesterday were commenced in May last. The employees asked for a general increase of seventeen cents an hour. The new agreement provides for an increase of four cents an hour to men engaged in locomotive work and nine cents an hour for those engaged in the car repair shops. These rates are effective as from May 1 last.

Changes in rules pertaining to working conditions go into effect on December 1.

The new agreement affects approximately 5,000 railway employees in Canada.

TO WASHINGTON.

Berlin, Nov. 13.—Via London, Nov. 14.—The German labor delegation to the International Labor Conference at Washington expects to sail from a Scandinavian port. It had been previously announced that the delegates will leave for Washington November 15.

STERN MEASURES FOR PREVENTION OF FIRE URGED

Fire Commissioner Declares
Powerful Organization Must
Supersede Propaganda

SAYS VICTORIA MODEL FOR WHOLE OF CANADA

The enormous annual fire loss in Canada compared to that in any other part of the world, and the need of something more than propaganda among the public to check it, was emphasized in a masterly speech by J. Groves Smith, Dominion Fire Commissioner, delivered at the Princess Theatre last night. Mr. Smith, in presenting figures to show that the Canadian people probably are more careless with fire than any other nation, declared that a nation-wide organization, such as his department was endeavoring to develop, must cope with the staggering situation backed by the public, federal, the provincial and the municipal governments. While declaring that only about five per cent. of Canadian municipalities enforced their fire by-laws; that municipal police often restrained building inspectors and fire department officials from performing their duty, and that fire prevention in the future must be lifted above politics, the speaker paid a graceful compliment to Victoria by remarking that local fire losses were extraordinarily small, and an example for the whole of Canada.

Hon. John Hart in Chair.

The chair at the meeting was taken by Hon. John Hart, Provincial Minister of Finance. Beside him on the platform were Mayor Porter, A. C. Flumerfelt, recently-appointed honorary president of the B. C. Fire Prevention League, and H. G. Garrett, Provincial Superintendent of Insurance. Mr. Flumerfelt, in moving a vote of thanks to Mr. Smith, said that he had calculated from the speaker's statements that fires were costing Canada \$12 a minute. The Mayor seconded the vote of thanks.

"If Canada is destined," said Mr. Groves Smith, "to enter upon a period of rapid expansion as our leading economists predict, every effort should be made to protect from wanton depletion our priceless heritage in forests, fields, mines and water-powers."

"Conservation must accompany development. In the past, Canadians have been characterized as the most wasteful people on the face of the earth. National abundance has eliminated frugality. The public mind has not adequately realized that unrestrained prodigality in regard to our national resources imperils lasting prosperity, nor that the preservation of created wealth is far easier than its recreation. It is only within the last decade that the gospel of economy has aroused more than passing interest. To-day, however, conservation principles are finding place in the legislative enactments of every government in Canada. Water-powers are being developed without being irrevocably alienated from public control, forests are being protected from the ravages of fire, fish and game reserves are being established, our mineral wealth is being more intelligently utilized, and scientific agriculture is receiving valuable assistance. In addition, the important questions of protection of property and lives from destruction by fire, and increasing the efficiency of the human factor by improved standards of public health, proper housing and better social conditions are being given unprecedented attention. It is recognized that we must prevent the destruction of created wealth, as well as conserve natural resources. Nature may eventually restore the devastated areas of burnt-over forest lands, but nature can never rebuild homes, the stores and the factories damaged and destroyed by fire. Replacement of values so impaired demands additional expenditure of materials, time, labor and brains and absorbs energies that might otherwise be applied to commercial and industrial progress."

No Conception of Waste.

"The majority of people have little conception of the extent of fire waste in Canada or its significance to themselves, their neighbors and the country at large. Fortunately, public opinion is manifesting signs of awakening from its erstwhile attitude of torpid indifference. It is becoming increasingly recognized that destructive fires are preventable, and they are largely due to inexcusable carelessness, and that the natural carelessness of property owners has been undermined by a system of insurance which indemnified individual negligence at the public expense. In every province other than New Brunswick organizations have been established and programmes of action promulgated by which it is hoped to bring about a large measure of reform. Fire marshal laws are now in force in Ontario, Quebec, Manitoba, Saskatchewan, Alberta, British Columbia, Nova Scotia and Prince Edward Island. The governments of New Brunswick alone has taken no action, but I hope to have this omission rectified at the next session of the Legislature of that Province."

Extent of Loss.

"Without burdening you with elaborate statistics, it may be instructive briefly to consider the extent of fire waste in Canada. Since Confederation, property in the Dominion valued at almost \$430,000,000 has been destroyed by fire. If this amount be added unreturned insur-

ance premiums and the cost of public and private fire-fighting systems, the total reaches approximately \$900,000,000. This tremendous sum represents the waste in respect to insurable property alone, and does not include the extensive but incalculable losses caused by the destruction of our timber wealth in forest fires. Unfortunately, fire losses in Canada are increasing by leaps and bounds. In the four years, 1915-1918 inclusive, the average annual property loss was \$21,250,000. In 1918 the loss increased to \$26,000,000, and in 1917 reached approximately \$24,800,000. During the year 1918 no less than 17,355 fires were reported in Canada, the aggregate loss being \$33,623,000. Including the expenditure upon insurance and municipal protection, fires in 1918 cost the people of Canada the enormous sum of \$65,000,000. At a time when we are faced by economic problems of unparalleled gravity, can we afford to be indifferent to this tremendous drain upon our national wealth? With a national debt amounting to \$2,250,000,000 and an annual budget of \$500,000,000 to be met by the industry and thrift of eight million people, continuation of our present laissez faire policy is unthinkable."

Fire Waste Situation.

"The most striking commentary upon Canada's fire waste is comparison of our losses with the losses of other countries. Since the outbreak of the war in 1914 the value of property destroyed by fire in the United Kingdom has been estimated at \$550,000,000. During the same period, Canada, with eight million people has suffered from losses aggregating approximately \$160,000,000. Our annual loss now exceeds \$4 per capita of the population, while the average of three pre-war years in all European countries combined was 33 cents per capita. It is admitted that conclusions based upon per capita comparisons are apt to be misleading. In Turkey I have seen hundreds of acres fire-swept and thousands of people rendered homeless, although the actual property loss was less than would ensue from a fire in a single business block in a Canadian city. The amount of any loss largely depends upon the congestion of value within the area affected. It nevertheless remains true that no other civilized country experiences or would tolerate the wanton extravagance of our annual ash heap."

Physical Conditions.

"While there are certain conditions, such as climate and construction which operate to effect a lower fire loss in Europe than would reasonably be possible in Canada, the basic difference lies in the viewpoint and responsibility of the people. We have never yet submitted to the legislative restraints and moral discipline of the old world. Individualism—quot homines, tot sententiae—has been our rule of thought and action, and there is evident reluctance to recognize that community rights stand above personal privileges. In the near future, however, economic pressure will enforce the truth that the national welfare must not be jeopardized by individual carelessness. Canadian manufacturers state that Canada's future welfare measurably depends upon the upbuilding of our external trade. In other words, we must be prepared to meet the pitiless rivalry of the open markets of the world by raising to the highest degree of efficiency our entire economic organization and by securing the utmost production of wealth per capita within every branch of industry. The serious handicap of fire waste, which is from five to ten times greater than that of any of our foreign competitors, together with every other avenue of waste, must be eliminated. Thus, and thus alone, will Canada be enabled to face the future with undaunted spirit, 'an eagle mewing her mighty youth and kindling her eyes at the midday beam' instead of as a 'weary Titan bearing an Atlantean load.'"

A False Conception.

"The attitude of the Canadian public toward fire waste is largely the result of a false conception of the function of insurance. We are prone to consider fires as local misfortunes, that, with few exceptions, are remedied by the philanthropic ministrations of insurance companies. We fail to realize that the insurance upon a burned building does not bring back the property destroyed, but merely distributes the loss over all insured."

(Concluded on page 17.)

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre
with Grandma's Sage
Tea Recipe.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

SAYS HIS WIFE NEEDED HELP TO RISE FROM CHAIR

Capt. Berrigan Praises Tanlac For Relieving Her Trouble

Another splendid endorsement for Tanlac that will be read with interest by the people of Nova Scotia. He has resided at Smith's Cove for the past forty-five years, is manager of the M. A. Berrigan general merchandise establishment there, and his standing and influence in his community are too well known to require further comment.

Captain Berrigan called at Kinley's in Halifax and made the remarkable statement that two bottles of Tanlac has done his wife more good than all the other treatment and medicines she has taken in twenty years. As a sea captain Mr. Berrigan is known and popular at every port along the East Coast of Nova Scotia. He has resided at Smith's Cove for the past forty-five years, is manager of the M. A. Berrigan general merchandise establishment there, and his standing and influence in his community are too well known to require further comment.

"My wife has been suffering from badly disordered kidneys for twenty years," explained Captain Berrigan, and while she has taken all kinds of medicines it's a fact that two bottles of Tanlac has done her more good than everything else combined. Her kidneys have been in bad shape so long that her general health had become so impaired that she could not do her household work at all. She complained of severe pains in her sides and her back was so stiff and painful that for days at a time she could not get out of her chair without help.

"After Tanlac came to Halifax and so many people got to making statements about how it had benefited them my wife decided to get a bottle and see if it would help her. Well, the results in the short time she has been taking it are nothing less than wonderful. Her kidneys are in better condition than they have been in years. The pain is rapidly disappearing from her back and sides, and she has improved in every way until she can get around just fine. I haven't seen her looking so well in a long time, she says she is feeling better, and we are both convinced that Tanlac is in a class by itself. I am not looking for publicity, but these are the facts in my wife's case, and we feel that the public should have the benefit of them."

The stomach regulates the condition of the blood, and is the fountain head of health or disease as the case may be. Tanlac is intended primarily for the regulation of the stomach and the correction of catarrhal inflammation, but it is no uncommon thing for persons who have used it to find that it has relieved them, not only of indigestion, but also of rheumatism, kidney complaints and many other ailments not generally recognized as having their origin in stomach trouble.

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

LILLIAN TROY STAYS OUT OF BRITAIN

London, Nov. 14.—Replying to a question in the House of Commons as to whether Lillian Scott Troy would be allowed to return to England, Home Secretary Short said she had been deported as an undesirable alien and that for the same reason she would not be allowed to return.

Miss Lillian Scott Troy, of San Francisco, arrived in New York last April after having been deported from the United Kingdom. One ground for objection to her presence in England was said to have been that she had worked to secure the release of Baron Louis von Horst, interned by the British Government in 1914. She was an assistant in the management of his companies.

GIRLS IN FRANCE MARRY COOLIES

Paris, Nov. 14.—The increasing number of marriages between French girls and Chinese laborers in France has resulted in the Minister of the Interior warning French women that most of the coolies already have wives in China, where upon arrival with their husbands they would be regarded merely as secondary wives.

LADY RHONDDA'S VIEWS.

London, Nov. 14.—Lady Rhondda, giving her impressions of her recent trip across Canada, denied any prejudice existed in the Dominion against English women. There was a great demand for domestic workers from the Old Country, but girls wanting to settle in Canada must cherish no false notions about an easy life. She had been struck by the clever housekeeping she had seen in Canada.

RIOTS IN ITALY.

Rome, Nov. 14.—Several disturbances have occurred in northern Italy in connection with the election campaign. Giuseppe Bonelli, formerly Italian Commissioner of Aeronautics, was prevented from speaking at Chiari by Socialists, who stoned his carriage.

To France, Belgium, Greece, etc. \$1.00 per month

ONE MORE DAY.

Although there remains a large hole to be filled before Greater Victoria will gain her objective in the Victory Loan campaign, it is virtually certain that the total subscriptions for this district will reach \$5,000,000 when the lists close to-morrow night. Nor is there much room for doubt that the Province will show a total of \$25,000,000 in subscriptions, which is its objective, or, for that matter, that the Dominion will raise the \$500,000,000 the Government needs. The feature which is concerning the various loan committees most is the number of subscribers and this will determine more than anything else how popular the loan is. Up to last night, although the total subscribed compared very favorably with the amount invested here and elsewhere in the same period last year, the number of subscribers was much less and it is this aspect of the response which the loan authorities desire to see improved in the closing days of the campaign.

THE PLANKING OF "PUSSYFOOT."

When London goes dry the cause of prohibition may consider itself victor over King Alcohol. London, however, will be slow in its conversion and none better than William E. Johnson realizes the magnitude of the task facing his "dry" crusaders. But "Pussyfoot," as he is now generally known, is not dismayed. He possesses both moral and physical courage, for it never can be said of a prohibitionist who takes his war to the Strand that he funks his job or lacks belief in his own persuasion. In Essex Hall, within a stone's throw of much that links convivial London with such traditions as John Barleycorn may claim as his particular own, Mr. Johnson had arranged to meet a lawyer to debate "The How and Why of American Prohibition." A band of medical students had other plans and took the debate into their own hands. "Pussyfoot" was promptly seized by the mob, mounted on a plank and paraded through the streets of the West End. Not until the police realized what was taking place did the anti-saloon league worker obtain release from a plank not included in the "dry" campaign platform. Mr. Johnson is a sportsman, however. He has sent a message to the students this morning and agrees that both he and his assailants had "a good time." Apparently a mere journalist chairman—F. A. McKenzie, the war correspondent, who lectured here early this year—was too "small fry" to worry about, for he was released by the students almost at once. He must have confessed his profession early in the fray.

ITS VOYAGE BEGUN.

Premier Drury has completed his Cabinet and Ontario's ship of state under new auspices is now fairly on its way. Its course will be full of interest and excitement, attended with no little danger, for the seas which it will traverse are largely uncharted. This is not the first time there has been a formidable irruption by a third party into the politics of Ontario, but that party always has disintegrated under the pressure of the old-time political divisions. The real test will come when the new Government meets the Legislature and its attitude towards numerous important questions becomes subject to record.

There are many matters on which farmers and labor men do not see eye to eye, matters on which the urban and rural populations of most countries have differed from time immemorial. Suppose a Labor member introduced a bill providing for, say, a seven-hour day, and a five-day week, in all industry. How would the Government composed of United Farmer and Laborites take it? Daylight saving is another question on which the Government certainly will not be a unit. These are only two of many issues on which both elements have not been in agreement in the past, and unless each is prepared to make substantial concessions which may compromise it in the eyes of its constituents, who are not interested in political expediency, the Government will find itself in the throes of more than one crisis.

GET A SHIP.

Europe is clamoring for beef and cannot get enough of it. Canada has a surplus. Discussions at the convention of the Western Canada Live-stock Union at its final session here yesterday pointed to the reason. Canadian cattle are growing fat on expensive feed while American beef exporters are "scooping" the European market at high prices. Stockmen in this country apparently are facing a two-fold difficulty. In the first place the United States Shipping Board gives attractive terms to American shippers of cattle, and in the second place Canadian shippers are trying to do business in the face of poor transportation facilities and high rates. The situation has become acute all over the Canadian west and particularly in British Columbia. Stockgrowers in this Province are at their wits end to know what to do with their surplus. Dozens of car-loads could be shipped immediately. In the meantime, by way of adding to the difficulty, the exodus from Alberta into British Columbia has literally choked our own storage facilities. Surely this is an opportunity for the Dominion Government to provide a vessel at a British Columbia port in order that a shipment may be made to Europe by way of the Panama Canal, and at such rates as will enable the Canadian stockman to compete with his neighbor.

SLEEPING-SICKNESS.

Sleeping-sickness, five or six cases of which have developed in Winnipeg, is generally associated with tropical countries, particularly West Africa where it has taken an enormous toll of human life. The Liverpool School of Medicine, which has made a close study of this disease and which sent specialists to Africa to investigate it, finds that it is most prevalent among the natives who live in the swamp areas. The germ is conveyed by the tsetse fly. Dr. J. L. Todd, of this city, now on the faculty of McGill University, was one of the specialists who were sent to West Africa to study the sleeping-sickness, and is one of the foremost living authorities on the subject. The form of sleeping-sickness which has been discovered in Winnipeg evidently is of an entirely different origin, being subject to vastly different conditions. Similar cases have been reported from time to time on this continent, especially in the southern states.

GENERAL SEELY'S DISSATISFACTION.

Writing in The London Daily Mail—obviously as part of the Northcliffe campaign against Mr. Lloyd George—Lovat Fraser recently declared that for waste and the maintenance of unnecessary paraphernalia the Royal Air Force had proved itself a champion at the game. How much of the general charge levelled at this particular department is true will be made known if Mr. Lloyd George considers there exist sufficient grounds for an investigation. From the Prime Minister's reference in the House of Commons the other day to "epileptic screaming," however, it looked as if the suggestion in the Northcliffe press that the little Welshman was being bluffed went wide of the mark. But with the resignation of Major-General Seely from his position as head of the Air Ministry, because of dual control and its alleged cause of waste and inefficiency, the question may take on a new significance. At least General Seely is not the type of man to be actuated by petty motives and his expression of dissatisfaction with present conditions probably will lead to an inquiry.

HEAVEN OR ELSEWHERE.

At the Manchester Diocesan Conference recently the Rev. S. W. Dick, of Bolton, pointed a way to reach Church unity. His suggestion, as a substitute for mere ecclesiastics, is a weekly game of golf on Mondays between the warring clergy, a mid-day cup of coffee and a good smoke together. Nor was he without proof of the plan's efficiency. He had tried it in his own community and found that it worked well. Sooner or later, he said, if there is any truth in a future life, Churchmen will be obliged to associate with their Nonconformist brothers in heaven or elsewhere. "We had better begin now so as to avoid a shock later," was his advice. There is much to recommend the reverend gentleman's suggestion. Golf is a great reducer. Its language is uniform and universal. And all its devotees, whether of the cloth or not, ultimately will reach the same green.

TO-MORROW'S MEETING.

Although the meeting which is to be held in the Drill Hall to-morrow evening has been organized by ex-service men it will be in every way a public gathering, and it is desired that citizens generally will accept the invitation of its promoters to attend. The purpose of the meeting is to shed light upon the various problems associated with soldiers' re-establishment and post-war reconstruction, and these will be dealt with fully by speakers representing the various ex-service associations. They are matters of direct concern to the general public and public interest therefore should prompt a large attendance.

FEAR AS CAUSE OF DISEASE.

(London, Eng., Standard.)
Most medical men are agreed that seventy-five per cent. of the cases of influenza they have recently attended have been directly induced by fear. A doctor who was asked what chiefly caused this fear, answered that it was the alarmist section of the press.

"The best way to avoid these epidemics," he said, "is to keep the consciousness of their existence out of your mind; but it takes a very strongly controlled person to do that when half the newspapers are devoting columns to the 'influenza peril,' morbidly defining symptoms and suggesting safeguards. Every time a man reads of the ravages of influenza he unconsciously adds to his store of fear of the disease. Fear lowers the resistance against it as much as poor nutrition—probably more. If you ignore influenza, influenza will usually ignore you."

"But surely," it was suggested, "it is the duty of the press to help all it can in the fight against the disease." "Granted," was the doctor's reply, "and the best way to do this would be to suppress all news about it, and to print all the lively and jolly bits of news that could be gathered. That fear induces the condition that inspires it is a scientific fact, not a crankism. If you read an amusing story you laugh, and your system responds to the action of the mind; if you read anything depressing, your mind and body suffer depression; if you read of exciting adventures your heart beats more quickly and your breath comes more rapidly, and so on. Therefore, if you read about influenza morning, noon, and night, your mind and body, unless specially trained, become affected, and possibly infected, by the disease your consciousness dwells upon. If the psychology of disease were understood more generally, half the doctors would need to find a new profession."

"LADIES WHO HAVE SMOKED WITH THE PRINCE!"

(The Toronto Telegram.)
From Kingston comes a tale of the girl who after the dance in which she had been the Prince's partner was offered a cigarette by His Royal Highness. "No, thank you," she said, "I don't smoke." "Do you mean you don't smoke in public?" asked the Prince.
"No, sir," was the answer, "I mean I don't smoke at all—I don't believe in it."
"There are a great many others like you," said the Prince, and then with a smile he threw his own cigarette away.
That Canadian society has adopted the continental fashion which passes the cigarette to women guests, is quite evident. But it was noticed at the Hamilton ball that the only partners of the Prince who joined him in a cigarette between dances were two young matrons, Mrs. Billy Southam and Mrs. Allan Young.
Query: When will the papers start a new series of pictures to outdo even the Royal dance partners: "Ladies who smoked with the Prince?"

VANCOUVER G. W. V. A.
WANTS REFERENDUM
ON GRATUITIES

(Continued from page 1.)

On the matter of gratuities it was unanimously decided that the Association must take a stand before the country and must seek the weight of public opinion for its proposals.

Committee's Report.

Ottawa, Nov. 14.—In addition to the 1,000 copies in English and 500 copies in French of the evidence taken before the special committee of the Commons on soldiers' civil re-establishment being printed for distribution, it has been decided to print 60,000 copies of the report of the committee, of which 10,000 copies will be in French for general distribution.

There has been a great demand from all parts of Canada for the evidence.

A STUDENT'S LARK,
SAYS W. E. JOHNSON

(Continued from page 1.)

known person. He will consult a specialist to-day.

A dispatch from London last night described the Johnson incident. It said Johnson, familiarly known in London and elsewhere as "Pussyfoot," had been dragged from a platform from which he was speaking, severely beaten and paraded through two miles of crowded West End streets on a plank.

His assailants for the most part were medical students, and against them at times he put up a strenuous fight, receiving a badly damaged eye and other injuries, so that finally, owing to his weakened condition, he was obliged to submit to the indignity.

Went Home.

Eventually Johnson was rescued by the police, who, during the early part of the march simply kept the crowd moving. He was rushed to Bow Street station, where his injuries were dressed, and he was then able to go home.

The reason for the attack was F. A. McKenzie. He, too, was seized by the crowd, but was soon released. The meeting had no sooner opened than there was an uproar, due to the activities of a few young men, who immediately engaged in heckling, both prohibitionists and anti-prohibitionists.

Chairman Also.

The chairman of the meeting was F. A. McKenzie. He, too, was seized by the crowd, but was soon released. The meeting had no sooner opened than there was an uproar, due to the activities of a few young men, who immediately engaged in heckling, both prohibitionists and anti-prohibitionists.

Outside the building there were signs of pending trouble. A great crowd of students had gathered, and after Mr. Johnson began to speak hundreds of the students, who evidently were organized, tore down the iron gates to the entrance of the hall, brushed aside the police, charged down the aisles and seized Johnson and McKenzie. These two they pelted with bags of flour, then hoisted them into a wagon and proceeded to King's College, nearby where both were invited to state their case for prohibition for the students, but were not allowed to proceed because of the howls.

On a Plank.

The rioters then discarded McKenzie and mounted Johnson on a plank. A stalwart grower surrounded him on their shoulders and marched through the Strand, Covent Garden, Leicester Square, Piccadilly Circus and Oxford Street to Portland Street, where the police intervened and effected a rescue.

As the procession passed through the streets, with banners adorned with black cats, pictures of beer mugs and other decorations, there were frequent cries of "We've got Pussyfoot," but Londoners, accustomed to students' marches recently, did not really believe that it was Johnson and the march did not cause as much excitement in the streets as might be expected.

DRURY FARMERS'
CANDIDATE IS IN CONTROL
IN ONTARIO

(Continued from page 1.)

elected candidates have been received to cover these.

First Meeting.

This afternoon the Drury Council held its first official meeting. Many matters await immediate attention.

The question of the election of the Speaker of the Legislature has still to be decided. It is stated in some quarters that Nelson Parliament, Liberal member for Prince Edward, who also had the support of the United Farmers, probably will be the man for this position.

The Ministers.

Toronto, Nov. 14.—Following are some of the personal and political characteristics of the members of the new Drury Government of Ontario, sworn in to-day at 11 a.m.:

Hon. E. C. Drury, Premier, a farmer who has been actively engaged upon the Drury homestead at Crown Hill, Simcoe County, graduate of the Ontario Agricultural College and a prominent figure in the farmers' movement for years; ran as an independent Liberal in 1917 but was defeated.

Hon. W. E. Raney, K.C., Attorney-General, a Toronto lawyer, who has been prominently identified with moral reform movements, having taken a leading part in the war against racetrack gambling; a Liberal.

Hon. R. H. Grant, Minister of Education; a Carleton County farmer, and a graduate of the Ontario Agricultural College and the University of Toronto; has had considerable

Lieut.-Colonel the Hon. A. Carmichael, Minister without portfolio; a farmer near Collingwood; served overseas for four years, distinguishing himself on several occasions.

30,000 FINNS TO AID
AGAINST PETROGRAD

(Continued from page 1.)

Depressed.

A great change was apparent in the demeanor of the delegates when they emerged from this evening's conference, which was a prolonged one. They appeared to be depressed and dejected. Several of them will return to their respective capitals to-morrow to discuss the new situation with their Governments.

No change has been made in the plan to receive the Bolshevik representatives on Monday, as it is considered necessary to discuss with them questions wholly independent of the subject of peace.

MURDER CHARGES
AGAINST TEN I.W.W.
AT CENTRALIA

(Continued from page 1.)

To Centralia.

Tacoma, Nov. 14.—A special train left Tacoma this morning at 11:35 carrying members of the American Legion and citizens generally to Centralia to attend the memorial service there this afternoon for the four ex-service men slain in the I.W.W. massacre Armistice Day.

At Bellingham.

Bellingham, Wash., Nov. 14.—A mass meeting of patriotic organizations of this city will be held at Liberty Hall to-night to consider the I.W.W. situation. The meeting has been called by the Albert J. Hamilton Post of the American Legion.

Last night the Legion passed a resolution urging the Governor to curb radical activity in the state and to call a special session of the Legislature to deal with the situation. The trustees of the Chamber of Commerce passed a similar resolution.

A Raid.

In a raid last night sheriff's officers seized a large amount of I. W.

W. literature in an old town building and arrested three alleged members of the organization.

Seattle Union Record.

Seattle, Nov. 14.—The Seattle Union Record, a daily newspaper owned by the Seattle Central Labor Council, made its appearance again to-day. Yesterday Federal officers seized the plant of The Record and arrested its editor, E. B. Ault, and two members of the paper's board of directors. The three men were at liberty under bonds to-day. They were charged with violating the Espionage Act.

Turned Back.

After the plant had been held up for five hours it was turned back to its owners. United States District Attorney Robert C. Saunders said officers had carried from the building a truckload of books and papers which would be searched for evidence to be used in the prosecution of the three. It was charged The Record condoned the I. W. W. shooting at Centralia on Tuesday.

Formal complaints filed by Mr. Saunders in the Federal Court at Tacoma, charged that Ault and others aided and abetted the massacre of war veterans at Centralia, and have been engaged in a campaign for the overthrow of the Government.

In Earnest.

"We are in dead earnest," Mr. Saunders declared. "Treachery to the Government cannot be overlooked. We are going to the limit. This is only the beginning of a sweeping movement to quash radical publications in this country."

The charges have been brought under section three of the Federal Espionage Act. This section is directed especially at sabotage, Saunders said. Editorials published in The Union

Record November 11 and 12 are cited in the complaint against Ault, Rust and Listman as particularly offensive. A warrant for the arrest of Walker C. Smith, editor of The International Weekly, published at the offices of the Equity Printing Company on Seventh Avenue, was issued, charging him with violation of the Espionage Act, and the printing office ordered searched.

TREATY FIGHT IN
AMERICAN SENATE

Washington, Nov. 14.—Squarely joining the issue with President Wilson, the Senate yesterday adopted a reservation qualifying the obligations of the United States under Article 10 of the League of Nations covenant.

A solid Republican line-up, reinforced by four Democratic votes, put the reservation across exactly as it had come from the Foreign Relations Committee, and in virtually the language which the President declared on his Western tour would out the heart out of the covenant and mean the rejection of the treaty. The vote by which the reservation won was 46 to 33.

A vote on the question of clamping down a cloture on the debate will come Saturday morning, and the Republican leaders say it will depend entirely on the Democrats whether the move rallies the necessary two thirds to make cloture effective.

The Senate was in adjournment to-day on account of the funeral of Senator Martin at Charlottesville, Va.

I. O. D. E. WILL GIVE YULETIDE PARTY TO SOLDIERS' ORPHANS

Municipal Chapter Had Busy
Session Yesterday; Protest
Against "Echoes"

The widows and orphans of Victoria men who fell in the great war will not be forgotten this Christmas, for the Daughters of the Empire have planned to give them a big Christmas party, with a tree for the kiddies, on December 26. Such was the decision made at the Municipal Chapter meeting yesterday afternoon at which Mrs. A. F. Griffiths presided. The necessary arrangements for the party will be in the hands of a committee of which Mrs. Griffiths will be the convener, and comprising the regents or some appointed representative of each primary chapter in the city.

Mrs. Chow reported that the I.O.D.E. had contributed 280 pairs of socks to the "Jelliesock" shower for the crew of the New Zealand, and in this connection a warm letter of thanks from Commander Talbot was read, expressing the men's appreciation of the kindly thought. Mrs. Chow also reported that a case of clothing had been sent for French relief.

"Echoes" Shortcomings
The shortcomings of "Echoes," the official organ of the order, were warmly discussed, reference being made to the omission of all but one of the reports of Victoria in the recent issue, while Vancouver was favored with the space for sixteen chapters. After much discussion a strong resolution of protest, moved by Mrs. Hazen Ritchie and seconded by Mrs. Mayhew, was passed unanimously by the meeting and will be forwarded to the committee in charge of "Echoes." Reference was made during the discussion to the new year book which is now in course of completion by the national executive, and which it is hoped will meet the big need for a reliable chronicle of the work of the order.

Delegate to Provincial Chapter
Mrs. W. H. Nelson gave notice of motion asking for the appointment of a delegate to the Provincial Chapter, such delegate's expense to be paid from the municipal treasury. In giving notice of the motion, Mrs. Nelson pointed out that Victoria was the only one of the six municipal chapters in the province to have no delegate, with the result that the local body lost much invaluable information imparted at the provincial chapter meetings. Mrs. R. S. Day presented an amendment to the constitution asking for the Patriotic Service Committee to be made a standing committee, the motion receiving the support of the meeting.

Much Correspondence
Among the correspondence was a letter from the Aerial League of Canada appealing to the I.O.D.E. for assistance in its tag day to be held on November 29. The great need is for taggers, and a number of the chapters have expressed their willingness to help in this matter. Anyone desirous of helping is requested to communicate with W. Kirkpatrick-Crockett at telephone No. 3090.

A communication from Major-General Foster, Director of Medical Services Overseas, to the national president, was read at the meeting, conveying the thanks of the authorities and the forces for the magnificent work done by the order in connection with the I.O.D.E. Nurses' Hostel and the hospital for officers in London, as well as for the many other patriotic activities of the order. The equipment of the latter hospital has now been divided between the British hospital at Port Said and the hospital for permanently disabled veterans at the "Star and Garter" Home at Richmond, Surrey.

Memorial Scheme
A lengthy communication from the national executive on the subject of the new memorial scheme led to the suggestion that the municipal educational secretaries and the educational secretaries of the primary chapters be appointed a committee to look after this branch of the work. An active campaign to raise the \$500,000 required to carry out this scheme is to be carried on throughout the Dominion during the week commencing November 24.

MUST GROW TWO POUNDS MEAT INSTEAD OF ONE

"We must make two pounds of meat grow where there was one pound before," said O. M. Plummer, of Portland, Ore., second vice-president of the American Livestock Association and manager of the Portland Fair, to the members of the Western Canada Live Stock Union at the Empress Hotel. "We have got to go into this breeding and make people realize what it means."

Mr. Plummer urged members of the Union to attend the Pacific International Livestock Exposition at Portland, on November 17 to 25. "Down in Portland we have a show for everybody," he said. "It is a well-balanced show with seven acres under one roof. We want you all to come down. If we can get more people like you get together in a show like this we will do a lot of good."

A BEDTIME STORY
UNCLE WIGGILY AND THE PAINTER.
Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

Nurse Jane Fussy Wuzzy stood in the middle of the parlor of Uncle Wiggily's hollow stump bungalow, looking at the ceiling.
"What's the matter?" asked the bumpy gentleman, as he plinked his twink nose, getting ready to go out and look for an adventure. "Do you think the plaster is going to fall, Nurse Jane?"
"Dear me! I hope not!" answered the muskrat lady housekeeper. "No, I wasn't thinking that. I was just wishing we could have some of the rooms painted and papered and decorated for Thanksgiving."
"Well, that's easily done," spoke Uncle Wiggily. "I'm going out, now, and I'll stop at the painter's and have him come and do whatever decorating you want. After we have some painting done I'll get a paper-hanger."
"Who will do the painting?" asked Nurse Jane. "We might have Mr.

Whitewash, the Polar Bear gentleman."
"No, Mr. Whitewash is all right for cellars, and the like of that," said the bumpy, "but for nice, artistic work in painting I'll get Jack Frost."
"Oh, that will be lovely!" said Nurse Jane. "Jack Frost turns the leaves such a pretty color that I'm sure he will paint the sitting room of our hollow stump most beautifully. Please tell him to hurry."
"I'll leave word with him now," promised Mr. Longears. "We'll have the bungalow all done over inside for Thanksgiving."
Nurse Jane said that would be very nice, and Uncle Wiggily, with a hop, skip and a jump, started over the fields and through the woods.
It did not take him long to reach the forest where Jack Frost was at work turning the few remaining leaves on the trees all sorts of pretty colors.
"I'll be over to-morrow and paint

IN WOMAN'S DOMAIN

Social Personal
Donald McLennan, Jr., of Pine Street, Victoria West, left on last night's boat for Windsor, Ont., where he intends staying for an indefinite period.

Mrs. Margaret Jenkins entertained a few friends at the tea hour in the palm court at the Empress Hotel yesterday afternoon in honor of her daughter-in-law, Mrs. J. H. Fox, of Seattle.

Word has just been received from Montreal that Mother Leopoldine, who eight years ago was superior of the local Order of St. Anne, has been elected Mother General of the Canadian order.

Mrs. J. D. Gordon, of the Soldiers' Settlement Board, who left on Tuesday for an official visit to the Fraser Valley was the guest while in Vancouver of Mrs. W. H. Coy. Mrs. Gordon is expected in Victoria for the week-end and will again leave for the mainland early next week.

Local friends of the groom-elect will doubtless find interest in the following announcement from the Vancouver Daily Province: "Mr. and Mrs. J. H. Bowman of Central Park announce the engagement of their eldest daughter, Ethel Margaret, to Harold George Bamford, second son of Mr. and Mrs. Thomas Bamford, Victoria. The wedding will take place December 5, at St. John's Church, Central Park."

Lieut. Bert Challenor arrived home yesterday afternoon after four years' service overseas. Lieut. Challenor, who is a son of the late W. L. Challenor and Mrs. Challenor, of Victoria, went overseas at the age of eighteen, joining the Canadian Engineers from

your sitting room, Mr. Longears," said Jack Frost to Uncle Wiggily. "When I finish you may call in the paper hanger. I suppose Uncle Butter, the goat gentleman, will do the work."

"Yes," answered the rabbit, "Uncle Butter, knowing most about paste, billboards and circus posters, will paper the bungalow for us."
When Uncle Wiggily and Nurse Jane had eaten breakfast next morning, along came Jack Frost with his long-handled brushes with which to spread on the colors.
He put on an old, white suit, all splashed with different tints of paint until it looked like part of the rainbow, and then Jack Frost began to work. He colored the woodwork in the sitting room of Uncle Wiggily's bungalow a beautiful pink, to match the rabbit's twinkling nose. Then he streaked it with gray, to match Nurse Jane's whiskers.

"Oh, pink and gray make such a pretty room," spoke the muskrat lady. "Wouldn't it look nice with just a bit of blue in?" asked the bunny, who was sitting watching Jack Frost paint.
"The very thing!" cried Mr. Frost. "A bit of blue in the pink and gray will make it look like a sunset. Just hand me the blue paint, if you don't mind, Uncle Wiggily."

The bunny rabbit gentleman reached for the pot of blue paint, but his nose slipped, or else he twinkled his nose too hard, and, however, it happened, he fell off his chair, right among the cans of paint, brushes, oily rags and everything.
"Splash-splash!" went a lot of paint, all over.

Some red paint splattered on Uncle Wiggily's ear, some green paint on his stubby tail, some yellow paint on his nose and some blue on his back, to say nothing of some brown on his legs.
"Oh, my! I'm all painted up sky-blue-pink, like some sassafras candy!" exclaimed the rabbit gentleman.

"Ho! Ho! Ho!" laughed Nurse Jane. "You must excuse me," she said to the bunny, "but really I can't help from laughing, you do look so funny!"
"Laugh as much as you wish!" said Uncle Wiggily, politely. "I feel like laughing myself. I sure do look funny!" he went on, as he caught sight of himself in a mirror.

And then, just when Jack Frost was getting ready to scrape the paint off Uncle Wiggily, into the room, the door of which was open, jumped the bad old baboon. He looked around and then grumbled:
"Well, I thought Uncle Wiggily was here so I could bite some sense out of his ears, but I see he isn't. Only two painters and a muskrat lady are here, and I never bite any sense out of painters' or ladies' ears! Never!"

Then the bad baboon hopped away and Nurse Jane said:
"Oh, Uncle Wiggily he didn't know you because you were all splashed over with paint. You were camouflaged!"
"He took you for a painter helping me," said Jack Frost.
"Well, I'm glad he did," spoke the bunny. Then he took some turpentine, cleaned himself of paint and felt happy. And the sitting room looked very nice when it was finished. So if the button hook doesn't try to pull some teeth out of the saw when they're riding on the rocking horse, I'll tell you next about Uncle Wiggily and the wallpaper.

the Royal Military College, where he was completing his education. He was wounded and gassed during the war but is now recovered. His mother went over to Vancouver to meet him, accompanying him to Victoria yesterday.

Lieut.-Col. J. S. Dennis, Mrs. and Miss Dennis, Miss L. Driscoll and H. C. Cresswell arrived at the Empress Hotel yesterday afternoon.

On Wednesday last the wedding was quietly celebrated of Miss Ethel Mercer, youngest daughter of Mr. and Mrs. T. Mercer, Fort Street, and James Elder, of New Westminster. The bride was attended by Miss M. Mason, and A. Mercer attended the groom. After the ceremony, breakfast was served at the home of the bride's parents. Mr. and Mrs. Elder will reside in this city, on their return from their honeymoon.

Last evening at Broadbalm, in the presence of friends, the Rev. Dr. Campbell celebrated the marriage of George Duncan and Miss Ellen Boyd Muir, both of Victoria. The bridegroom was accompanied by a groomsmen by James Cook Smith. The bride who was attired in a navy blue serge travelling suit, was attended by Mrs. Katherine Anne Smith. After their return from a honeymoon trip Mr. and Mrs. Duncan will make their home in this city.

An enjoyable little dance was held at the L. O. E. A. Hall, Courtney Street, last night, by the Women's Auxiliary to the St. Andrew's and Caledonian Society. Mrs. Ridgway's orchestra furnished a pleasing programme of dance music, and Brother McIntosh acted as master of ceremonies. The general arrangements for the affair were in the capable hands of Sisters A. Stevens, Robertson, P. Stevens and Gibson, who also supervised the light supper served shortly before midnight.

All is bustle and activity at the schoolroom of the First Presbyterian Church, where the young ladies are preparing for their annual bazaar and tea to be held to-morrow afternoon between the hours of 3 and 9.30. An orchestra will give a programme throughout the afternoon, and tea will be served under the direction of Mrs. McLorie, with high tea at 6 o'clock. The conveners of the general arrangements for the bazaar are Mrs. Will Creech, Mrs. Macdonald, Miss Mary McKinnon, Miss Marjorie Sword, and Miss Della Fair, while the following are in charge of the various stalls and attractions: Candy, Miss Betty Harkness; home cooking, Mrs. W. Young; aprons, Miss Jean Duncan; fancy work, Miss Della Fair and Miss Marjorie Sword; flowers, Miss Bessie Forbes and Miss Gabrielle Pauly; art and baby accessories, Miss Kate Lothian; Chinese laundry, Miss Jessie Moffat; tea fortune telling, Mrs. Rawlinson.

WHO HE WAS.

"What, Fanny Jones engaged? Well, I've always said that no matter how homely a girl may be, there's always some fool ready to marry her. Who's the poor simp?"
"I am."

ENSEMBLE NUMBERS FOR AERIAL CABARET

Delightful Programme Arranged for Next Wednesday's Big Function

Decorations for the big cabaret to be given at the Empress Hotel on Wednesday evening next, under the auspices of the Aerial League of Canada, are in the capable hands of Mrs. A. J. Gibson, Miss Monteith, Messrs. R. G. Christy and Robertson and this committee promises that the lavishness of the decorative scheme will be fully commensurate with the attractiveness of the programme.

The artists will include the Misses Neva Latham, Peggy McEellan, Marie Thornton, Babe Turner, Lillian Bowers, Alice Knowles and Ansine Mauritsen. Manager Steyn, of the Western Cabaret, of Seattle, has arranged a series of ensemble numbers.

The first is a "Rose Ensemble," which will be a picture number with electric light roses for light effects. Miss Neva Latham will be assisted by the company in "Roses of Picardy," "Wild Irish Rose," "When You Look in the Heart of a Rose," and "Rose of No Man's Land." The second number is an Oriental Ensemble, by Miss Ausine Maurice and company interpolated by an Oriental dance by Miss Lillian Bowers. "A Night in Japan" is planned for the third ensemble by Miss Babe Turner and company. This ensemble consist of "Poor Butterfly" and the latest song hit, "Poor Butterfly is a Fly Girl Now."

There are no table reservations left but a few window seats are on sale. Reservations that have not yet been claimed will not be held later than Saturday, there already being a large waiting list and it is impossible to hold the reservations longer. Tickets are now on sale at Wilkerson's Jewellery Store, but remittances forwarded to Gordon A. Cameron, Union Bank Building, will ensure reservation. General admission tickets which entitle one to the dance and standing room at the cabaret are also on sale, and it is advisable to obtain these early as there is only a limited number.

The answer of most fat people is that constant dieting is hard, continual exercise is tiresome, exhaustive—then, too, it might be harmful to force the weight down. That was the old-fashioned idea. Today in Marmole Prescription Tablets all these difficulties are overcome. Just a pleasant, harmless little tablet after each meal and at bedtime causes fat to vanish. This modern method is absolutely harmless, contains no dieting or exercise, and has the added advantage of changing a large case of safe Marmole Prescription Tablets is sold by drug stores at 10¢. Or, if preferable, can be obtained by sending price of 10¢ to Marmole Co., 814 Woodward Ave., Detroit, Mich. Also, you know this you have no excuse for being too fat, but can reduce two, three or four pounds a week without fast or other hardships.

DAUGHTERS OF PITY TO TAG TO-MORROW

Proceeds in Aid of Children's Ward at the Jubilee Hospital

Preparations are now completed by the Daughters of Pity for their tag day to be held in aid of the Children's Ward of the Jubilee Hospital to-morrow. Through the kindness of Fletcher Bros., the society will have a central headquarters, 1121 Government Street.

Conveners of the various stations are as follows: Empress Hotel, King's Daughters; Post Office, Dug Out, Terry's and Cochrane, Mrs. Osborne; Williams' Drug Store, Mrs. Woodward; C. P. R., Bank of Commerce, Miss Sylvester; Union Bank, Mrs. Kippen; Yates and Government, Miss Albhouse; Goodacres, Mrs. Crowe; Market and Pantages, Mrs. Campbell; City Hall, Misses Collier and Nicholson; Johnson and Douglas, Miss Lovell; View and Broad, Misses Carson and Cessford; Times Corner, Misses Moss and Durick; Broad and Yates, Miss Conner; Library, Mrs. Macrae; Fort and Cook, Miss Andrews; James Bay, Mrs. Wilkerson; Esquimalt, Mrs. Rands; Victoria West, Mrs. J. Muirhead. Mrs. E. S. Hasell and Miss Sylvester will be in charge at the headquarters at Fletcher's Music Store.

OPEN MATERNITY HOME FOR WORKING WOMEN

Lady Jellicoe Joint President of Pioneer Institution in London

London, Nov. 14.—Public service intended to help the working woman has resulted in a series of experiments throughout the country in maternity homes conducted by private enterprise; so far the Islington borough alone represents London in this work.

Prior to the war all mothers from among working-class people needs must stay among their poor surroundings at home to give birth to their children, when not prepared to enter a public hospital where all patients supply experience to medical students.

Now for a few there exists a better alternative. If prepared to pay the modest sum of 15s. weekly, wives of ex-service men can receive private care at a home in Holloway, opened under the auspices of the Women's United Service League.

Service Men's Money. Members of the forces have been responsible for the upkeep of this small institution, which takes thirteen patients. A "penny day collection" from soldiers and sailors was held in November last and this fund was devoted to the establishment of a private maternity home. Princess Arthur of Connaught formally opened this venture a little while ago, and Lady French and Lady Jellicoe are joint presidents. It is stipulated that every applicant for admission to the wards must attend the Infant Welfare Centre before and after the birth of the child. Owing to the fact that nearly all the funds were provided from service sources, no woman is admitted, except from the borough of Islington, who is not related to a member of the forces who has served in this war, or a member of one of the various women's services.

LITERAL MINDED.

Mrs. X. (returning home)—"Marry! However did the child get that awful bump?"
Green Girl—"You told me to let him to play on the piano, and he fell off."—Boston Transcript.

A Big Week-End Event in Boys' Suits

We cannot too strongly emphasize the boys' suit values mentioned below. The suits we believe will appeal to the boy and the values undoubtedly to the mother. There is not a suit in the lot but what will give really good service.

40 Boys' Suits

Prices **\$7.50 to \$15.50**

—In Donegal tweeds; brown checks and mixtures. Light and dark grey striped tweeds and a few brown and green checks. They come mostly in the belted effects with patch pockets. For boys of 13 to 17 years. Three of these suits have an extra pair of pants.

15 Boys' D.B. Suits

Prices **\$6.50 to \$15.00**

—In plain brown serge, brown mixtures and grey mixtures. Sizes 23 to 34. For the boy who likes the double-breasted suit the size he wears may be amongst this lot. Every suit is well made inside and out. The plain browns are particularly good.

Atlantic Flight

Wonderful Example of the Value of OXO

Interesting letter from Captain Sir J. Alcock, K.B.E., D.S.C.

"You will be interested to learn that OXO was a great help to us during our Trans-Atlantic Flight; it sustained us wonderfully during our 16 hours' journey."

"We had found out what a good thing it is when flying in France, and so decided to carry it with us on this occasion, and we can assure you that hot OXO is most acceptable under such cold and arduous conditions. "OXO was the only article of its kind which we carried."

J. ALCOCK, Capt., D.S.C.

OXO steadies the nerves—keeps the brain alert—gives extra warmth to resist cold and exposure—extra strength to fortify against fatigue, and yields an abundance of energy out of all proportion to the amount taken.

Prices same as before the war, 10c., 25c., \$1.15, \$2.25.

RECORD DAY FOR
HONOR CONTEST
IN LOAN DRIVEEighty-two Additions to Hun-
dred Per Cent. List
YesterdayEND OF CAMPAIGN
SEES SPEEDING UP

"It may have been pouring with rain outside, but it was certainly a steady stream of Honor Emblem applicants that poured into Victory Loan headquarters yesterday," said George Bushby, this morning, when announcing eighty-two additions to the hundred per cent. list since yesterday.

Telephone 6226 was busy from morning till night, but not so busy that everyone could not be attended to, and then we had a busy time addressing and mailing out the emblems.

"During the remainder of the Victory Loan drive the efforts of the salesmen will be concentrated upon the Honor Emblem competition, and it is expected that the public will appreciate the publication of the entire honor list in the advertising columns of this paper."

"The name of the firm of Gordon's Limited, was omitted from the published list of Honor Emblem holders. The firm has subscribed most liberally to the Victory Loan. They have also bought Victory Bonds far in excess of their takings for Monday, and they have bought Victory Bonds, in addition, to the extent of more than double their takings. Arrangements have also been made for a Victory Bond table in the store for Saturday."

The entire office and sales staff has subscribed to Victory Loan, so

both firm and employees have received the 100 per cent. Honor Emblem.

J. M. Whitney, the jeweler, today applied for the entire amount of their takings for Monday.

Additions to the Senior Honor List were as follows: Richardson & Stephens, Yates and Government;

James Cronk, Ret. Soldiers' Auto Stand, Yates and Douglas; F. Nor-

ris & Sons, 1329 Government Street;

J. Katz and staff, 1324 Government Street; Wa-Wa Club of fifteen, Pacific Club; Metre Department, B. C. E. R. Pembroke Street; Sweeney & McConnell and staff, 1012 Langley Street; Wellburn Grocery, 1053 Pandora Avenue; Pitt's Billiard Parlor, Government and Yates; Passes Bros., candy manufacturers, Government Street; P. M. Linklater, tailor, 1120 Broad Street; John Vail & Sons, 2418 Government Street; T. N. Hibben & Co. and staff, Government Street; Park Tea Rooms, Beacon 1101 Park; Naval Stores branch staff, Naval Yard, Esquimalt; Victoria Tug Co., Ltd., 1 Belmont Building; Bullen & Jamieson, Temple Building; Fenwick's, grocers, Oak Bay Junction; C. H. Smith & Co., 611 Fort Street; W. L. Lang, 555 Cormorant Street; Gim-Fook Yuen, Ltd., 1719 Government Street; Little & Wood, 1316 Douglas Street; Gordon's, Ltd., 739 Yates Street; Gordon's, Ltd., 739 Yates Street; Anderson, 1206 Government Street; Herbert White Shoe Shop, Blanshard Street.

Junior Honor List additions were:

J. Hunt and family, 651 Belton Avenue; J. Haasenz and family, 656 Belton Avenue; Hugh Cameron and family, Work Point, Barkers;

E. G. Rodell and family, Byrne Street; Mrs. D. Nixon and family, 654 St. John Street; Mrs. Edgar and family, 129 Holywood Crescent; Miss Agnes Flannigan, 1143 Princess Avenue;

George Platten and family, 2893 Douglas Street; Mrs. Woodcock and family, 227 Belleville Street; Chas. M. Brown and family, 2614 Blanshard Street; H. Harris and family, 736 Fort Street; B. G. Bland and family, 645 Dalton Street; Mrs. Wiggins and family, 927 Hester Road; Wm. Jones and family, 1629 Fernwood Road; Mr. and Mrs. Brooker, 1276 Esquimalt Road; Miss Piles, Esquimalt Road; S. E. Wingate and family, 1448 Ryan Street.

BOARD OF TRADE

HAD BUSY MONTH

Held Numerous Meetings
and Covered Variety of
Subjects

Accompanying is a memorandum of the Victoria Board of Trade's business during the month of October, issued by Secretary Elworthy:

Meetings Held.

October 1, Shipping Agents met.

Capt. G. E. L. Robertson, Superintendent of Pilots, on pilotage proposed changes; H. P. Carver, representing Photoplays, shown some local possibilities for production; October 2, Reception Committee met;

October 6, Shipbuilding Committee met; October 7, meeting with Hon. S. F. Tolmie, on drydock; October 8, Committee visited Esquimalt with Hon. S. F. Tolmie, and inspected some suitable sites for drydock; October 8, Shipbuilding Committee met Mr. E. J. Hipkins and others; October 15, President and committee met with other members of the Mainland and Alberta, met the Hon. S. F. Tolmie and outlined plans for developing trade between this Province and Alberta. Trade, Commerce and Transportation Committee considered various matters; October 16, same Committee met Hon. S. F. Tolmie, re duties on imported materials entering into ships being built here; Shipbuilding Committee met, Retail Committee met, Retail Merchants' Section met; October 17, Quarterly General Meeting; October 21, Shipbuilding Committee met Hon. S. F. Tolmie; October 23, Automobile Section met; October 24, Special General Meeting on Shipbuilding; October 25, Council Meeting.

Subjects Dealt With.

Coastwise Vessels—Proposal to place under the jurisdiction of the Board of Railway Commissioners for Canada. Opposed. Exemption from entering and clearing at all ports of call. Approved; Drydock—Continued construction endeavors; Great War Veterans—Co-operating in their New Home Scheme; Reciprocity with Australia—Again urged; Fire Losses—Approved preventive measures; P. G. B. Railway—Erging equalization of freight rates with the Mainland; Shipbuilding—Considering plans for new contracts. Duties on imported materials entering into construction; Bills of Lading—Changes advocated for protection of shippers; Cost of Living—Applied Board of Commerce to investigate; Free Port Area—Continued efforts for establishment; Atlin District—Considered proposal for an outlet on the coast through Alaska territory; Municipal Golf Links—Co-operating to secure establishment; Wireless Telegraphy—Again urged extension of service and connection with Japan; Daylight Saving—Approved proposed continuance next year; Pilotage—Continued endeavors to reduce rate; Canadian National Steamship Service—Protested against some disabilities to do business; Photoplays—Continued efforts to establish here; New Members—Eight elected.

OFFER CANADA BIG
CATTLE TENDERS,
SHIPS ARE LACKING

United States Fostering Stock
Export to Disadvantage
of Canada

Canada has a great export livestock market open to her in Europe chiefly through Rotterdam right up to the Rhine cities, according to facts brought before the convention of the Western Canada Livestock Union at the Empress Hotel. The chief stumbling block now is inability to secure sufficient freight space and high rates.

The possibility of shipping cattle to Europe by British Columbia ports through the Panama Canal was also brought up. C. J. V. Spratt, stock-breeder and shipbuilder, of Victoria, said that it would not be difficult to convert steel freighters now being built here for the Government into cattle boats for which the demand is great.

Canadians are now forced to pay \$25 to \$30 a head more than Americans to ship their cattle across the Atlantic. H. S. Arkell, Dominion Livestock Commissioner, told the Union.

"The result is that the Canadian shipper is obliged to ship by American ports," he said. "The Dominion Government should set aside and properly equip three or more ships for this trade, and lease the space at a rate to make it possible to compete with United States shippers."

To Replenish Northern France

"In addition to the trade offering from Great Britain, Canada has been offered a tender on 30,000 heavy beef cattle during next January, February, March, April and May for France. We have also been offered a tender from Italy direct from the department of the Government that has to do with the purchase of dead meat."

"Also a large Italian syndicate has been forced to purchase Canadian cattle. Their intention was to secure Argentine cattle, but because of the superior health of the Canadian cattle they have turned to Canada if Canada can provide the space."

"In Paris recently I conferred with representatives who want heifers and cows from Canada to supply the devastated areas of Northern France. This tender will be for several thousand cattle."

Lucrative Trade With Germany

"There is also a lucrative trade offered through Rotterdam to Germany by the Canada to the Rhine cities. There are agents in London who are now prepared to prosecute this trade. It provides a very lucrative outlet for Canadian cattle. A contract for 60,000 cattle has already been signed by United States shippers."

"There is no question of the possibility of carrying the cattle from Canada to Europe by the Panama Canal, especially during the winter. But I question the possibility of carrying them in summer because they have to cross the equatorial line. This is the serious disadvantage the Argentine cattle exporters have to face."

Mr. Spratt pointed out the long and arduous trip the cattle make from West to make over the railways to St. John and Halifax.

To Compete With United States

"I would rather put my cattle on ships and to around the world than ship them a short distance by train," he said.

J. D. McGregor, of Brandon, moved and Alderman Sangster, of Victoria, seconded a resolution to the Dominion Government which pointed out that "large tenders are being offered for beef and dairy cattle from Europe and that a profitable market exists in Great Britain for heavy draft horses."

"Canadian shippers are unable to compete for this trade on an equal basis in view of the aggressive assistance to American shippers through the United States Shipping Board," the resolution continues. "Unless the existing opportunities are immediately taken advantage of, Canada will undoubtedly lose much-needed revenue both now and in the future from a particularly attractive trade."

"We request the Dominion Government in the interests of the Canadian livestock industry to set apart and equip two or three boats for the livestock carrying business at the earliest date possible and that the rates from Atlantic and Pacific ports be set at such a figure to enable Canadian shippers to compete on an equitable basis with the United States."

Want British Embargo Removed

The Union also decided to ask the Government to continue its efforts to secure the removal of the embargo in force against the admission of Canadian cattle into Great Britain.

Better supervision of cattle in transit on railways was demanded to offset rough handling and slow handling. It was brought out that the stock is held on cars without feed and water for a period very much exceeding the limit laid down by the criminal code. They asked that supervision of this shipping be administered by the Department of Agriculture in conjunction with the shipper now given to the livestock yards.

Better Care in Transit

Thomas Acheson, chief grain and livestock agent of the C.P.R., said he welcomed this move on behalf of the C.P.R. as the company was just as much interested in getting the stock to market quickly as the shipper.

IF you had a sore place, and had to choose between two remedies, one of which went to the sore spot direct, and the other by a round-about way, which would you prefer? Undoubtedly, the one that gets there direct!

That is just the reason for people's preference for Peps for ailments of the throat, bronchial tubes and lungs. Peps gets there direct, because they are breathable, while remedies which are swallowed only go to the stomach.

Dissolve Peps in the mouth, and the vapor which is liberated is carried by the breath direct to the breathing passages and minute cells of the lungs, destroying all germs, and soothing, healing, and strengthening the delicate membranes.

Once you try Peps you will never use any other remedy for coughs, colds, sore throat, bronchitis, tightness across the chest, night cough, laryngitis or asthma. All dealers 50c. box.

FREE TRIAL Send this advertisement and 1c. stamp (for return postage) to Peps Co., Toronto, to receive a free trial package.

PEPS

ISLAND CENTRES

WITHIN \$17,000
OF OBJECTIVES

Up-Island Points Have Invested \$1,233,600 Up to Noon To-day

Up-Island loan centres were within \$17,000 of their combined objective at noon to-day. All districts have passed their quotas, several have swept far past their objectives, and some even have doubled them.

The following figures issued at a late hour this afternoon by F. M. McGregor, Island organizer, show the standing of the various centres:

	Total	Quota
Cobbie Hill	41,000	14,000
Shawnigan	42,000	10,000
Duncan	175,000	120,000
Chemainus	73,600	68,000
Ladysmith	81,850	80,000
Nanaimo	435,000	360,000
Parksville	15,700	10,000
Nanosee	15,450	12,000
Qualicum	12,350	5,000
Can. Alberni	5,050	5,000
Union Bay	15,450	12,000
Courtenay	95,000	44,000
Cumberland	33,000	44,000
Port Alberni	48,000	32,000
West Coast	35,000	12,000
West Coast	60,000	None set
Total	\$1,233,600	\$828,000

It will be seen that already up-Island points have invested \$1,233,600, though their quotas only amount to \$828,000. Their objective is \$1,250,000, and this, the loan officials are confident, will be reached early tomorrow.

Returning from Nanaimo to-day, Mr. McGregor reports that unrestrained enthusiasm prevails among all centres over the drive. Each place is trying to beat its neighbor in the race for crests to sew on the honor flag already won. At noon, Mr. McGregor received a wire from Nanaimo requesting the immediate dispatch of a crest for that city's flag, while other centres also are clamoring for crests.

HAD ECZEMA
For Over 28 Years

Ecema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust is formed, and the intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful blood cleansing and purifying properties, and we know of no other remedy that has done so much, so much for those who are afflicted with this terrible torture.

Mr. James Walker, 152 Niagara St., Hamilton, Ont., writes:—"I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy, and I shall recommend it to all my friends."

Manufactured for over 40 years by The T. Millburn Co., Limited, Toronto, Ont.

TO HOLD RE-UNION

Members of 62nd Battalion With Wives, Friends and Independents Hold Dinner and Card Party.

Former members of the 62nd Battalion, C. E. F., have decided to hold a re-union at a date to be fixed in the near future. The re-union is to take the form of a dinner and card party and it will not be restricted to the members only. The wives and lady friends of any of "Hulme's Huskies" and dependents of all the men who fell will be asked to attend the gathering.

At a meeting of the battalion held last night, committees were formed to arrange the dinner. To ascertain the number who desire to attend the

re-union Major W. Langley, who is acting as secretary, will be pleased to receive communications. He may be found at his offices in the Pemberton Building.

The members decided to assist as far as their available funds would permit any dependents of former comrades who are in need. A committee of three was appointed to investigate cases reported.

In County Court.—In the case of Weaving vs. Crowther, tried before Judge Lampman in the County Court, judgment was given yesterday for the sum of \$25, a portion of the amount claimed by plaintiff. The question of costs will be settled later. Wm. C. Moresby appeared for plaintiff and W. P. Marchant for defendant.

LUTHERANS FEAR FURTHER TROUBLE

National Gathering For America Discusses Situation in Europe

"We feel all Europe is a volcano about to erupt any moment. When it does erupt, we want to be back in America," was the gist of the report of Dr. Lauritz Larsen, Secretary of the National Lutheran Council in presenting the report of the Lutheran commissioners in Europe to the annual meeting of the National Lutheran Council at the Hotel LaSalle, Chicago.

The meeting went over the Lutheran situation in Europe in order to make provision for meeting needs as must be met. The report covered France, Poland, Estonia, Roumania, Czechoslovakia, Germany, Hungary and Finland. Conditions are said to be very precarious. Thousands are suffering physical want. Many churches are destroyed. Pastors have died of starvation. Many have been killed in revolutions. Church and social life is disorganized. Representatives from France gave an account of the destruction in their country. The churches in the Moselle Valley especially have suffered. They asked for \$250,000 from the American Lutherans to assist the French Lutherans to get on their feet. Part of that is to be used to maintain two Lutheran professorships at the University of Strasbourg, part to help the Lutheran press in Alsace, part to rebuild the churches of the Moselle Valley. In the Montebellard section, a Lutheran college is to be established, churches and parsonages to be repaired, and the home mission in Montebellard helped. In Paris a students' hotel is to be established and an American Lutheran Church begun.

Prof. M. J. Stoles, of Luther Seminary, St. Paul, who recently returned from Europe, gave a detailed report on conditions in Eastern Europe. He reported that conditions were very serious and large help needed. As a result of the reports and the hosts of requests for assistance, the National Lutheran Council decided to recall immediately all its commissioners in Europe to make a survey of the needs of Europe and provide for a national appeal to meet them. The appeal, it is stated, will run into many millions.

Dr. Th. Schmauk in commenting on the reports from Europe: "There have come to us questions of greater magnitude than have ever been presented to the Lutheran Church in America. The world burden of Christianity rests upon us."

The National Lutheran Council took up The Hague resolution of the Committee of Foreign Missions requesting the return of foreign missions to Germany. The Council resolved to endorse the resolutions and to use its endeavors to have the resolutions become fact.

At the annual election the following officers were elected: Rev. H. G. Stub, D.D., chairman; Rev. F. H. Knobel, D.D., LL.D., vice-chairman; Rev. Lauritz Larsen, D.D.; Hon. E. F. Ellert, treasurer.

The following men were present: Rev. F. H. Knobel, D.D., LL.D.; Rev. H. A. Weller, D.D.; Rev. Chas. M. Jacobs, D.D.; Hon. E. F. Ellert; Theo. E. Schmauk, D.D., LL.D.; Rev. H. G. Stub, D.D.; Rev. Lauritz Larsen, D.D.; Mr. E. B. Steensland; Rev. G. A. Brandelle, D.D.; Rev. P. Peterson; Rev. C. H. L. Schutte, D.D.; Rev. M. P. F. Doermann; Rev. F. Richter, D.D.; Rev. I. Gersen; O. H. Stetten; Rev. P. Gotke, Rev. J. A. Hoessel.

FOOTBALL CASE

IN POLICE COURT

McIlmoyl Almost Collapsed During Hearing; McGregor Is Charged

Evidence in the assault charge against Allie McGregor, the footballer, was taken in the police court yesterday afternoon. Magistrate Jay declined to give a decision, expressing a desire to review the evidence. McGregor was remanded until tomorrow morning when the magistrate will give his decision.

Bob McIlmoyl, who was the victim of the assault, almost collapsed in court. Since the incident he has been confined to St. Joseph's Hospital with an injured spine. Yesterday he was permitted by his physician to attend the court.

Considerable evidence was submitted by both sides. R. C. Lowe appeared for the accused, and H. A. Beckwith represented the plaintiff.

On Saturday afternoon the North Ward and Comrades football teams clashed in a very rough game at the North Ward Park. From the evidence given it appeared that McGregor, who played for the Comrades uniform, had had trouble on the field not only in Saturday's game, but in previous matches. McIlmoyl was sitting on a bench when McGregor hit him. In falling McIlmoyl struck his back on the bench and failed to rise. The incident nearly participated a free for all fight. McIlmoyl will not be able to play football again this season.

JUDGMENT RESERVED.—Judge Lampman reserved judgment in the County Court case of Burt vs. White, a claim for \$150 commission on a sale of property on Glenford Road. Wm. C. Moresby appeared for the defence, and C. White for the plaintiff.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic the best for the little stomach liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

LOAN SALESMEN SELL MANY VICTORY BONDS ON RAILWAY LINE

H. S. Webb and L. G. Taylor, Victory Loan Salesmen, went up the line of the Canadian National Railways yesterday and succeeded in doing a fine business selling Victory Bonds.

They were escorted by Mr. Cook, resident engineer, to whom they wish to tender their sincere thanks for the courtesies extended to them during the trip.

The salesmen went as far as Mile-44, then crossed over Shawnigan Lake to Strathcona. It was a hard day, owing to the rain and difficulties of travel, but they were well satisfied because they were able to secure many applications which would otherwise have been lost to the loan.

In all they wrote about forty applications, totalling over \$5,000, and are returning to the job again to-day, when they expect to do even better among the bridge gangs and other departments of the railway.

IT ISN'T DONE!

"What's the problem?" "A perplexing one, Mrs. Skiddow claims she got six bad eggs in the last lot."

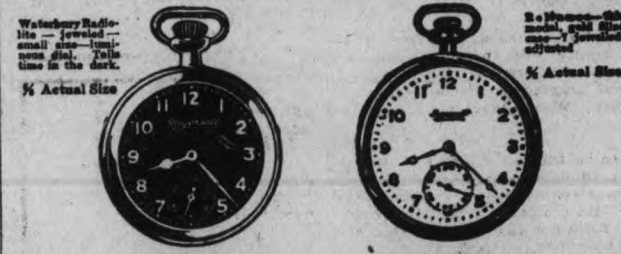

"Well?" "She wants me to make 'em good."—Louisville Courier-Journal.

A MATTER OF DRESS.

Psmear, the Painter—This is your full-length portrait—just finished. Mrs. Newgilt—If I! The dress fits pretty well in front. Turn the canvas around and let me see how it hangs in the back.

Ingersoll watches are built to keep accurate time.

25 years experience proves it. The system of tests and inspections assures it. Inspected after each factory operation. Tested in from 3 to 6 positions. Timed in the case.

Flashlights \$1.95 to \$4.30 at R. A. Brown & Co., 1302 Douglas Street, Union Store.

To Give Preferential Treatment.—A resolution was adopted by the Livestock Commission yesterday asking the Dominion Government to take experts of the Department of Agriculture from the control of the Civil Service Commission.

Fractured Leg.—Whist on her way to school yesterday at the noon hour Mary Wormald, of 2651 Blackwood Street, was knocked down by a boy cyclist and suffered a broken leg and bruises about the head. She was picked up by Mesdames Gill and Plows and made as comfortable as possible in Mrs. Plows' home until the arrival of Dr. Bryant, who took her in his car to St. Joseph's Hospital, where he set the broken limb. The little girl is doing as well as can be expected.

Water Main Junction.—City Engineer Preston is engaged in selecting a point of junction where the Esquimalt waterworks system may be connected with the city mains to safeguard Victoria West in case of failure of the Esquimalt waterworks system to maintain a steady supply. Recently the latter system has been shut off several times on account of the construction work on the Island Highway interfering with the pipe line.

LIFT OFF CORNS

IT DOESN'T HURT

Get rid of every corn and callus for few cents

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic! Why wait? Your druggist sells a tiny bottle of Freezone for a few cents sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of ether discovery of a Cincinnati genius.

MATRON OF NEXT-OF-KIN HOME HONORED

Mrs. Tickner Presented With Gifts at Happy Party Armistice Night

One of the most enjoyable events in celebration of Armistice Day was that held in the rooms of the G. W. Next-of-Kin Home, Government Street, on Tuesday evening. Mrs. Tickner, the matron of the home, was the hostess, the occasion being also her birthday, and there were about seventy invited, including Mrs. R. S. Day, President of the Association; Mrs. Denyer, first vice-president; Mrs. Guy Langton, Mrs. Sabiston and others. Mr. Ernest Rance was in charge of programme, and proved a most capable master of ceremonies.

Flags, bunting and greenery decorated the lounge, the handiwork of the residents, and presented a most attractive appearance as the guests arrived. A four-piece orchestra comprising Messrs. Keen, Wills, Alexander and Torrence, with Mrs. Rigdard at the piano, played selections during the evening. Mr. Jackson sang "O Canada," "Land of Hope and Glory," and an old favorite "The Carnival." Mr. Jackson was welcomed as always by his songs. Mr. Woods sang the "Deathless Army" and others in splendid style, and Miss Lily Dooley sang in her usual happy manner. Mr. Draper played and sang trench songs and all heartily joined in the chorus. Humorous recitations by Mrs. Hollins added to the mirth of the evening, whilst Mrs. Rice, Mrs. Hastings, and Mr. Edwards divided the honors as accompanists.

Mrs. Tickner was called upon for a song, and after giving "The Blue Bird," Mrs. Day presented her with a beautiful bouquet of yellow chrysanthemums and autumn foliage, and then, in the name of the Next-of-Kin Association, with a gold bracelet watch and gold lace pin, and in a few beautifully chosen words spoke of the appreciation of the Association; of the services Mrs. Tickner had rendered since the opening of the home nearly a year ago, and of her untiring kindness to all who had stayed there. Everyone then rose and heartily sang for "She's a Jolly Good Fellow."

Delicious refreshments were served in the small rooms leading from the lounge, and afterwards Mr. Miller spoke of the home as being a real home for ex-service men, and how thoroughly happy they all were. He also spoke of the great part women had taken in the war, and that although the war was over, there was by no means finished, as such homes would be needed for a long time yet. Mr. Rance spoke a few words, thanking the members of the Association for the rooms for the party, and for their kindness to all the boys.

Mrs. Denyer, first vice-president, spoke a few words in reply, referring to the happiness it was giving to all

members of the Association to be able in any way to promote the happiness and welfare of ex-service men. A few more musical numbers brought a delightful evening to a close.

Stockmen Rejoice.—Stockmen from the northwest attending the conference of the Western Canada Livestock Union rejoiced at their meeting at the Empress Hotel yesterday when they received telegrams from the prairies announcing that the weather was moderating rapidly. The stockmen said that the cold spell had been hitting them hard.

Money Stolen.—Some time yesterday afternoon an unknown person stole \$127 from the cash box in a drawer of the office desk of T. N. Hibben & Co. The money disappeared while the bookkeeper was out for a few minutes. The police are now investigating the case.

Daughters of the Nile Dance.—The Daughters of the Nile will have one of their popular series of dances in the Alexandra Club this evening from nine until one. Heaton's orchestra will furnish the programme of music.

Effective Way to Beautify Face

The Use of Stuart's Calcium Wafers Is Recommended for Its Wonderful Influence in Ridding Face of Pimples, Rash, Etc.

You need no veil, no mask, no lotions, creams or means to hide behind when your complexion shows that you have been using Stuart's Calcium Wafers. You are proud to be in the bright light. All those horrid pimples and blackheads, those liver spots and blotches, the rash and redness are gone and a more beautiful skin of fine texture has come to brighten your days. Pretty features are lost behind a repulsive skin. Get the bluish out of your skin with Stuart's Calcium Wafers. They contain the great wonder, calcium sulphide, one of the most searching and effective skin purifiers known. You will find Stuart's Calcium Wafers on sale at any drug store, 50 cents a box. You will certainly be surprised and delighted with their successful action on the skin.

Aeolian-Vocalion

—The Phonograph Whose Voice Is Art—

It has been said that only half the beauty of records was heard until the Aeolian-Vocalion came. This wonderful instrument brings out exquisite tones never heard from a phonograph before—and more, it provides a means of self-expression in the music played. This is contrived by the Graduala permitting you to subtly vary the tone-shading of each record. Literally, the Graduala enables you to be your own conductor, no matter what kind of music the Vocalion is playing.

May we entertain you with a few selections on the Aeolian-Vocalion?

MONTREAL

PREMIER OLIVER DINES WITH STOCKMEN

Statement Is Made That
Horse Flesh Gives "Vigor
and Inspiration"

British Columbia will soon hold the dairy record of the world, G. H. Hutton, of Calgary, the new president of the Western Canada Live Stock Union, predicted at the dinner of the Union at the Empress Hotel last night.

He told of visiting the British Columbia Government herd at the Mental Hospital, New Westminster, where he inspected the cow that is producing 1,000 pounds of butter fat this year. Mr. Hutton said the Union in the future would aim at encouraging the production of livestock such as this.

W. T. McDonald, Provincial Live Stock Commissioner of British Columbia, who presided, introduced George Hoadley, M.P.E., of Okotoks, as the "creator of the new Canadian industry of producing horse meat for human consumption."

Nothing Like Horse Meat.

"People who know about horse meat say there is nothing on earth like horse meat for giving vigor and inspiration," he said.

"Do we realize what livestock in the higher sense means?" he continued. "No man in my judgment can be a real successful breeder of high class stock unless he is a lover of that class of animal, unless it is a delight to his eye. If he is that and is industrious, he is successful. When you are dealing with livestock you are dealing with the backbone of agriculture. Other countries have all necessarily gravitated towards live stock and mixed farming. It is the solution of the poverty of the land, which comes from constant repetition of crop. It is the only absolute insurance to the farmer. The people in Alberta are up against it this year, because they haven't a thing to sell, having no livestock and depending only on wheat."

British Columbia's Dairy Possibilities.—Hon. John Oliver, Premier of British Columbia, welcomed the Union on behalf of the people of British Columbia.

"There is no part of Canada more interested in livestock than British Columbia, because of our climate and soil," he said. "In the Fraser Valley the conditions are ideal for dairying and on Vancouver Island, you have some of the finest herds on the continent of North America. All the way up Vancouver Island through the famous Comox Valley you have ideal conditions for dairying. On the Queen Charlotte Islands you have the ideal cattle country. In the early days there were cattle turned loose there and they remained wild and supported themselves for thirty years. People had to go out and organize hunting parties and shoot them before it was safe to settle there."

The Premier also referred to the mixed farming possibilities of the Skeena, Nechako, Cariboo and Peace River Districts.

"Everywhere you go in British Columbia you will find conditions

under which large numbers of cattle will be carried in the future," he went on. "The conditions indicate that you must utilize the livestock industry if you want to realize the most. The future welfare of British Columbia largely depends on you men who are working for the improvement of livestock. We must utilize all our resources to get ready for the population that will come to this country, and the far-seeing is preparing to take advantage of the opportunities that will be offered."

Farmer to Change Politics.—"The farmers are just coming into prominence at the present time," said W. H. English. "The country is looking to the farmers for redress and they are going to get it. We are going to advocate an agricultural policy that is to make for increased production. The present agricultural policy is such that the poor man can't get on to the land."

The Hon. J. D. Maclean, Minister of Education for British Columbia, H. A. Craig, Deputy Minister of Agriculture for Alberta, H. S. Arkell, Dominion Live Stock Commissioner, S. H. Shannon and Professor J. A. McLean of the University of British Columbia also spoke. Mrs. Jessie Longfield and James Hunter sang.

NEWS IN BRIEF

Dr. Hermann Robertson, surgeon, having returned to Victoria after four years military service overseas, has resumed his practice in the Campbell Building, Douglas and Fort Streets.

Bath House Scheme.—W. F. Best is about to again approach the City Council on the matter of establishing bath water baths on the shore at Dallas Road. All the discussion pertaining to the matter heretofore was based on plans roughly sketched out, but Mr. Best is now armed with a completed plan showing the scheme in its entirety, and it is understood that this will be laid before the Council through J. S. Brandon, solicitor for Mr. Best and his associates.

Smoking Concert.—The Harbor Marine Football Club will hold a "smoker" at the Commodore of the Grand War Rooms on Saturday, November 15, at 8 p.m. This is the first of a series of "smokers" to be held, and an excellent programme has been arranged. Two Jacks Dope with their usual generosity have kindly donated some tobacco for the occasion, and Mr. Brown is assisting the Veterans with a song or two. The Veterans' Marine Band will attend.

PARLOR SOCIAL.

About fifty members attended the enjoyable parlor social held under the auspices of the W.C.T.U. at the home of Mrs. Spofford, Pembroke Street, yesterday afternoon. Mrs. John Harvey presiding at the gathering. After the opening exercises conducted by Mrs. Grant, a delightful programme was rendered. Mrs. Brechin sang "The Sunshine of Your Smile" with much sweetness, and Mrs. A. T. Willis delighted her hearers with the vocal solo "The Old Refrain." Miss May Dorrell gave a dramatic rendering of Pauline Johnson's Indian poem, "Dawn Dine." An interesting paper on "Social Problems of To-day" was contributed by Miss Wark and a lengthy discussion followed. At the conclusion of the formal programme delicious afternoon tea was served by Mrs. Spofford, the meeting according her a hearty vote of thanks for her hospitality. The artists were also warmly thanked for their services.

MR. ACHESON RECOVERS.

Thomas Acheson, of Winnipeg, chief grain and livestock agent of the C.P.R., who was seized with a paralytic stroke at the dinner of the Western Canada Live Stock Union last night, recovered consciousness during the night at St. Joseph's Hospital. This afternoon he felt so much better that his medical advisers permitted him to return to the Empress Hotel. His medical advisers say that his stroke last night came as a result of injuries he suffered in France, where he went in 1916 with the 15th Battalion of Winnipeg. He has a wife and two children. For his war services he received the Order of the British Empire.

STOCKMEN BACK DR. TOLMIE AS MINISTER

G. H. Hutton, of Calgary,
Selected President of
Western Canada Union

G. H. Hutton, of Calgary, in charge of the Agricultural and Animal Industry branch of the Department of Natural Resources, C. P. R., was elected president of the Western Canada Live Stock Union at the conclusion of the annual meeting at the Empress Hotel. He succeeds the Hon. S. F. Tolmie, who has become Minister of Agriculture. Dr. Tolmie was made honorary president.

Mr. Hutton is a graduate of the Guelph Agricultural College. He operated a farm in Ontario and came west in 1906. He succeeded Dr. J. G. Rutherford when the latter went to the Railway Commission from the service of the Dominion Government. Mr. Hutton was placed in charge of the Dominion Experimental Station at Lacombe, Alta., which is the largest of the branch farms in Canada operated by the Government specialists in livestock. At present he has charge of all farm activities of the C. P. R. in the Western Provinces. Under his department the C. P. R. carries out a lot of breeding work, putting the livestock on a credit basis to settlers to get them on the land and make them prosperous.

Other Officers.

The vice-presidents elected were: British Columbia, A. D. Paterson, Ladner; Alberta, George Hoadley, M. P. P., Okotoks; Saskatchewan, F. E. Auld, Deputy Minister of Agriculture; Manitoba, Andrew Graham, president of the Manitoba Cattle-breeders' Association.

The Union passed a resolution expressing its pleasure at the selection of Dr. S. F. Tolmie as Dominion Minister of Agriculture.

"The Western Canada Live Stock Union desires to express its very great pleasure at the appointment of Dr. Tolmie, president of the Union, to the most important department in the Government of Canada, that of Agriculture, feeling that in Hon. Dr. Tolmie, the interests of this Canada's basic industry, will receive the support and attention which it merits," the stockmen say in their resolution.

"This Union pledges itself to give to Hon. Dr. Tolmie, its most hearty support and co-operation."

The Union will meet next year in Calgary.

Because of the valuable work of E. L. Richardson, of Calgary, as secretary, his remuneration was increased from \$300 to \$500 a year.

MINISTERS TOURING

Hon. J. W. de B. Farris, Attorney-General and Minister of Labor, and the Hon. J. H. King, Minister of Public Works, will leave the city on to-night's boat en route to the In-

terior. It is the intention of the two Ministers to visit a number of towns and cities in the lower, central and boundary sections of the Province. They expect to be back in Victoria towards the end of the month.

MUNICIPAL REVENUE

Sittings Scheduled For Nov. 20 and 21
Will Be Held in the Executive
Council Chamber.

Hon. John Hart, Minister of Finance, announced this morning that the two-day sitting scheduled for November 20 and 21 to inquire into present and potential sources of municipal revenue, will be held in the Council Chamber at the Parliament Buildings. Business will be commenced at ten o'clock each morning.

CLUB CONCERT TO-NIGHT

Attractive Programme at Empress
Hotel Under Auspices of Ladies'
Musical Club.

It is anticipated that there will be an unusually large attendance at the concert to be given at the Empress Hotel to-night by the Victoria Ladies' Musical Club, for, under the direction of Mrs. Jesse Longfield, an attractive programme of ancient and modern compositions will be given. The occasion will mark the first appearance in this city of Mrs. C. C. Aiken, a pianist from Toronto, and gold medalist of the Toronto Conservatory. In addition songs will be given by Mrs. Chas. E. Wilson, Arthur Gore and Edmund Fitch. Mrs. James Cameron (nee Lotus Griffith) will officiate as accompanist. The concert will commence at 8.30 and tickets may be obtained at the ballroom entrance.

ALL IS READY FOR DEMONSTRATION AT ARMOY TO-MORROW

There is accommodation for 5,000 citizens and ex-service men at the Armoiy where the mass meeting in connection with re-establishment will be held to-morrow at 8 p.m.

Three of the ex-service organizations have chosen their representatives: H. W. Hart will represent the G. W. V. A.; Secretary H. J. Young, the Army and Navy Veterans; Comrade J. Taylor, the Comrades of the Great War. The British Campaigners will select their delegate to-day.

These four representatives of the four service organizations of the city will constitute the principal speakers of the evening and will act as the official mouthpieces of their respective societies.

HOPE OF SALVAGING STRANDED STEAMERS

Montreal, Nov. 14.—That there is yet hope of salvaging the steamer Germanicus, which is on the reefs at Bic, Que., is indicated by a Marconi-gram received Wednesday. With regard to the steamer Platan, which is ashore on Sable Island, McLean Kennedy, Limited, agents, have been informed that the Government will send a steamer next week to pick up the crew, who at present are at the life-saving station at that place. As the Platan was coming up the river light there is no cargo to salvage.

LONGSHOREMEN TO BECOME OWN BOSSES

San Francisco Riggers and
Stevedores Union Break
With Employers

San Francisco, Nov. 14.—The Riggers and Stevedores Union has decided to open its own agency for contracting stevedoring, instead of the members getting jobs through stevedoring companies.

This new turn in the stevedores' strike was preceded by an announcement of the Waterfront Employers yesterday breaking off all conference with the striking longshoremen.

MOVE TO END U. S. SHIPYARD STRIKE

Tacoma, Nov. 14.—A definite move to end the shipyard strike here which has kept 5,600 men out of work since October 1, was announced by the Metal Trades Council to-day.

The union in a telegram to C. W. Wiley, president of the Todd Drydock & Construction Company, who is now in San Francisco, offered to return to work and leave a postponed plan of settlement up to the Department of Labor, provided both sides will agree to abide by the decision. Secretary of Labor Wilson was notified of the terms in a telegram to-day and asked to aid in a settlement providing the yard officials will agree to submit the proposal to mediation.

LIEUT. ELY HOME

Was Recruiting Officer of 143rd Bat-
talion—Wounded During Valen-
ciennes Fight.

Lieut. R. F. Ely, who left here with the 143rd Battalion, returned to Victoria yesterday. For several months Lieut. Ely has been studying law at Inns of Court, London.

Lieut. Ely was a member of the 88th Regiment before the outbreak of war. In 1916 he secured a commission in the Rocky Mountain Rangers and later transferred to the 143rd Battalion, of which he was recruiting officer. On the breaking up of the battalion in England he went to the Reserve at Seaford, and was later accepted for the R. A. F. but rejoined the infantry some months afterwards. Lieut. Ely was sent to France in the summer of last year, joining the 72nd Seaford Highlanders. During the

fighting in front of Valenciennes he was wounded.

WELCOME RETURNED MEN.

Lady Smith tendered a reception last evening to its returned men.

The reception commenced with a musicale in the Athletic Hall, which was completely filled, many having to stand. Mayor Anderson occupied the chair and expressed the formal greetings and appreciation to the returned men. Musical items were given by Mr. H. Hughes, Miss I. Smith, Miss W. Nimmer and Miss D. Carpenter. The speaker of the evening was J. Strong. Immediately following the musicale the audience divided into two sections. One proceeded to Gould's Hall for a dance and the other section participated in a whist drive held in the Odd Fellows' Hall.

Canadian-Australasian liner Makura, from Victoria, reached Sydney Nov. 9.

You Need Not Tolerate the inconvenience of a cough, when a few doses of

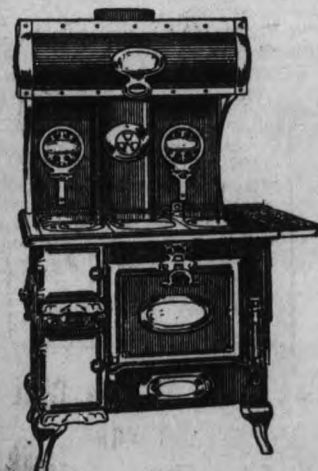

**NADRUCO
Syrup of Tar**
with Cod Liver Oil Compound

will give you almost instant relief. It heals the rawness of the bronchial tubes; stops the annoying tickling that leads to spasms of coughing; and soon restores the throat to its normal condition. On account of its pleasant taste, children take it readily. Keep a bottle always in the house.

Note—The package is Red and bears the "Na-Dru-Co" trademark.

HOUSING SCHEME IS NOW ALMOST ASSURED

Objection Raised by City Council Is Removed; Allotment is \$180,000

Victoria has virtually accepted its \$180,000 allotment under the Federal Housing Act, the amount to be drawn in four equal instalments distributed every three months. This arrangement was concluded yesterday afternoon at a conference between city representatives and Premier Oliver in his capacity as Acting Minister of Lands.

The only point over which there was any dispute on the part of the City Council was that the city was required to accept the whole of the \$180,000 allotment within three months. The above arrangement, however, removes this obstacle, and there is now no reason why the housing scheme should not be carried out without any further delay. Aldermen Sangster, Patrick and Johns were the city's representatives at yesterday's meeting, and they form the special housing committee appointed by the Council to bring in recommendations.

The new arrangement is under discussion at a special meeting of the City Council this afternoon, at which the Johnson Street bridge agreement is also being dealt with.

If the scheme is adopted by the Council, the Housing Committee is ready to go ahead with organization for the allocation of funds to returned soldier applicants. Already over one hundred returned men have signified their intentions by filing applications. Only sixty of these can be accommodated at present, however, and questionnaires will be sent out by the committee, which, when returned, will serve to guide them in selecting those who will be granted an allotment. It is quite possible that, should the scheme work out as satisfactorily as expected, provision will be made for further allotments.

WILL BUILD ANNEX FOR VENEREAL CASES

Provincial Government and City Prepare to Erect Structure at Jubilee Hospital

A \$10,000 addition to the Royal Jubilee Hospital to provide for the treatment of venereal diseases is at present under contemplation and may become a reality in the near future. City Health Officer A. G. Price and Alderman Johns had a talk with Dr. H. E. Young, Provincial Health Officer yesterday, the discussion being based on the proposal that the annex should cost somewhere around \$10,000, instead of \$25,000 as at first suggested.

The city's proportion of the cost would be \$5,000, and the balance would be borne by the Provincial Government and the adjoining municipalities of Saanich, Oak Bay and Esquimalt, while the Provincial Government would pay the salaries of the necessary staff and the cost of maintenance.

The establishment of such a hospital is compulsory under the Provincial Venereal Diseases Act which was passed at the last session of the Legislature, and all municipalities in the Province will be obliged to carry out similar schemes. The movement to eradicate the so-called "social diseases," is being carried out under national and provincial auspices. It will be remembered that the new Provincial Act provides for compulsory registration of all cases of the disease encountered by members of the medical profession or in any manner brought to their attention or knowledge and under the circumstances a special hospital is required for treatment of such cases.

The Federal legislation compels the municipalities to provide such hospitals at their own expense, but the Provincial Government's Act affords the municipalities assistance in carrying out the scheme.

HELP EMPLOYEES PURCHASE BONDS

Banks and Employers Co-operate to Enable People of Small Means to Subscribe.

Co-operation between the Minister of Finance and the banks is providing every facility for the citizen of small means to share in the subscriptions to the Victory Loan 1919.

Arrangements have been made by which the small investor will be able to own a bond at the end of ten months by paying aside \$2.50 a week for that length of time. The subscriber will pay ten per cent. on or before Nov. 15, and ten per cent. each month until August 15, 1920, when he will own a \$100 bond. The banks will arrange it for anybody, whether a customer of the bank or not. Interest will be charged, of course, but at the same rate as the yield from the bonds, so that the interest paid the bank and the yield from the bonds will balance.

The banks likewise are co-operating with employers, so that workers, by having a certain amount deducted from their pay each week, will be paying for bonds. To do this the banks are lending employers 90 per cent. of the amount subscribed by employees, the subscription to be

When buying clothes remember the makers' name is worth looking for.

CHANGE IN ONTARIO EDUCATION SCHEME

Toronto, Nov. 14.—One of the last acts of Hon. H. J. Cody as Minister of Education of Ontario, was to com-

plete arrangements with the university authorities to provide for joint examinations for matriculation and entrance to normal schools and faculties of education, according to announcement made last night. At the annual examinations in June next,

therefore, there will be but one set of papers for pass matriculation and entrance to the normal schools, and another for the faculties of education and honor matriculation.

VICTORY BONDS are ready cash.

The Moose

All Canada is the natural home of the "King" of Canada's big game, but New Brunswick, Quebec, Ontario and Manitoba afford the best moose hunting.

There are two methods followed in moose hunting—"calling" and "still hunting." During the rutting season the first method is the one usually followed, but there is more satisfaction in tracking. Absolute silence is the one great essential in still hunting and stalking must be done "up wind."

The tracks of a bull moose can be readily distinguished from those of the cow. The former are rounded and blunt—the cow's long and pointed.

During the winter, moose gather on the hardwood ridges between cedar and spruce swamps, through which they make beaten lanes. A "yard" sometimes contains twenty to forty animals.

Opinions differ as to the most suitable cartridge for moose hunting. Choose one with shocking power back of it and be sure the big "D" trade-mark is on the box.

DOMINION Ammunition

Is always dependable for moose and other big game. Users of 30-30 rifles should look for the yellow label on the back of the box—it insures more speed, flatter trajectory and greater shocking power.

Dominion Cartridge Co.
Limited
Montreal, Canada

paid off in monthly instalments. Interest is being charged by the bank at the same rate as the yield of interest from the bonds.

So that there is little ground for the excuse, "I can't afford to buy Victory Bonds."

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

SKIM MILK.

To the Editor:—I only caught sight of the short paragraph that skimmed milk would help lower the high cost of living. Well, I have bought what is sold for milk in this burg, but if they ever skim what they sell for milk now, why, God help the Sooke water supply!

J. C. B.

Another Epidemic OF THE SPANISH INFLUENZA

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "flu" before and it left you with any bad after effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes:—"I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I always keep Heart and Nerve Pills in the house."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

lations governing charges for the services of stallions was demanded by the Western Canada Live Stock Union at the Empress Hotel.

The Government now pays a percentage of the charges for the services of high grade stallions passed by its officials. No one must charge more than \$25 for service, however. The stockmen declared that this mitigated against the services of the best stallions as it was unreasonable to expect a man to import an expensive animal for the services of Clubs and have his charges limited this way, so they asked to permit clubs to use their own judgment as to the amount of bonus they are prepared to pay.

COMPILES RECORD OF SPORTSMEN IN WAR

Toronto, Nov. 14.—J. H. P. Good, of this city, dean of sporting writers in Canada, intends to compile a record and story of the part played by Canadian sportsmen in the great war.

RIVAL FIFTEENS MEET ON OAK BAY PITCH TO-MORROW

Wanderers and V.I.A.A. Clash in Barnard Cup Race

To-morrow's games at Oak Bay will give rugby fans an indication of the two teams liable to be the league leaders in the race for the Barnard Cup. Interest centres in the fixture between the Wanderers and the V. I. A. A. team. Neither the Wanderers or Boyd's men have taken the count, and both teams have defeated the James Bay fifteen, and the Great War Veterans. The Wanderers beat the Bay squad fifteen to five and the V. I. A. A. men handed them a six to nothing defeat. The War Veterans have proved easy meat for both teams.

A Place at Stake.
All the rugby players will be showing their best form for a place on the representative side to be chosen to meet the New Zealand representative team here on November 22nd, when it is anticipated that the sailors will again be in Victoria. The game with the New Zealand will also be in the nature of a trial game for the fifteen to take part in the first McKechnie cup game for the provincial championship.

Equally Confident.
It would be hard to forecast a winner for the chief battle at Oak Bay to-morrow. Captain D. M. Grant is brimful of confidence, and Harry Boyd is equally certain that his "Reds" have a slight edge on their opponents. Williams, of the Wanderers will not make his appearance in the full back position, as he was injured in the last game, and Harry Boyd will step back from the wing to take the position. Kerr is an old country public school player, good kick and sure tackle. Though he is new to the position he knows the game well enough to give a good account of himself. Tomalin, full back of the V. I. A. A., is also a new comer this season to the full back position. In the game with the Bays last week he showed good judgment, coolness and got himself out of some tight pinches. In this respect it would seem the teams are evenly matched.

Grant Will Play.
With D. M. Grant playing in the three-quarter line in the first league encounter this season the Wanderers should be stronger in this department than they have been this season. The V. I. A. A. will rely on the three-quarters playing during the season. The great competition for the rep team promised to be between Grubb and Robertson for the scrum half position. Both are team mates, having played together at half for the V. I. A. A. team two seasons ago. The V. I. A. A. team believe they have the Wanderers outclassed in the forward line, and are relying on their supposed superiority to lead them to victory.

Ibden Gillespie will referee the match. It is hoped that the War Veterans will be able to field a complete fifteen against the James Bay club, although victory bond activities are keeping some of the men out of the game.

The V. I. A. A. team will be picked from the following, and are asked to be on hand at 2.30 p. m.:
H. A. Tomalin, W. W. Crawford, W. Huxtable, C. Cowan, W. Wilson, J. Matson, D. Grubb, V. L. Smith, A. Lewis, J. Gaird, L. Clark, J. McRae, J. Holmson, C. Clark, T. Dunn, H. Thompson, S. Honeychurch, L. Randall and G. McRae.

The Wanderers team selected although it is doubtful if they will be able to appear as named, is as follows:
C. S. Williams, D. M. Grant, S. Gillespie, E. Gillespie, B. R. Ker, G. C. Grant, A. N. Robertson, W. J. Baum, J. B. Acland, G. McCallum, H. Robinson, M. Green, W. Watson, A. Maganin and J. H. Wilson.

BROSSEAU SUFFERED SLIGHT PARALYSIS

Montreal, Nov. 14.—After consulting his physician here, Eugene Brosseau, Canadian middleweight champion, who became slightly paralyzed after his bout with George Chip, in Portland, Maine, decided not to fight Battling Levinsky here Monday night, but to rest up for a week.

French, self-taught, is usually confined to French self-understood.

Buy VICTORY BONDS for Christmas presents.

LOOKING THINGS OVER

Free Boxing Lessons.

The many youngsters in the city interested in boxing will read with pleasure that the free boxing lessons which were given last winter are to be repeated, and it is also the intention of the instructors to stage another tournament exclusively for boys. The lessons started last year have already showed promise of developing some good ringmen in the near future. Both Matthews and Best, who appear at to-night's tournament at the Foundation Clubhouse, were attendants at the classes. The two lads have found a place on the bill in the last half dozen tournaments and are among the most popular items on the card. Both possess a good amount of ring knowledge and may make good in a few years with the older boxers. Dundee and Gorman, who fought in Seattle Wednesday, are among the best known ringmen of the Pacific Coast who started their career as newboys, and the history of many of the fighters will show that their success was due to an early beginning.

The First New Man.

In signing up the famous Heck Fowler, Lester Patrick has landed the first new man for his septette to chase the Pacific Coast hockey flag. Although the players will not report until the middle of next month the Aris-tocrat manager is taking time by the forelock. He already has six signed contracts in his office and the names make good reading. Fowler, Genge, Johnson, Kerr, Oatman and Clem Loughlin are players the fans would have selected to wear a Victoria uniform again.

Changes in Soccer.

As Victoria soccer fans well know, an interesting game is often marred by the tendency of players to stall for time by frequent kicking out. There is a glorious opportunity for the side which cares to take advantage of this practice when they have a lead and are trying for nothing else but to last the full distance and keep their net free. Several suggested changes in soccer rules are offered by Danny Shea, the Blackburn Rovers' player. Shea advocates changes in the laws of the game that, if adopted, might find supporters here. Shea would penalize the "kicker out," that is the player who boots the ball over the boundary lines on the side of the field, by awarding a free kick instead of a throw in. He would have it that a player could not be ruled offside on two-thirds of the playing pitch, or in other words, that a player can only be given offside on the third portion of the field at the opposing goal, instead of half as at present. He also recommends that a goal could be scored direct from a corner kick.

BOB LONG UNION MADE OVERALLS SHIRTS & GLOVES

HOW THE FIGHTS ARE STAGED IN GERMANY

A New York dispatch gives an interesting account of how fight tournaments are staged in Germany. According to the writer, Best or Matthews or any other couple of hard hitting Victoria newboys would put up a stellar bout compared with some of the heavyweights who are matched in a Hun padded circle.

The spread of boxing to countries which previous to the war were not familiar with the ring game has resulted in a number of novel incidents viewed in the light American pugilistic traditions, says the writer. Berlin has been the scene of belated attempt to develop the fistic art and at a recent series of contests the announcer gave a little harangue in advance, pointing out that as Germany wanted to be on even terms in all sports, boxing as fostered by French, English and Americans had been introduced.

The first pair of boxers came respectively from Berlin and Vienna and weighed in at 115 and 150 German pounds respectively. The German pound is one-tenth heavier than the American. It was characteristic that no two boxers weighed the same. One was invariably heavier and had the advantage.

The first victim, after putting up a fair show for two rounds, ran afoul of a wild swing of his opponent, and, so crude was the opponent, and "swipe" was with an open glove, and was really nothing more than a slap in the face. They were eight-ounce gloves too.

Couldn't Stand Gaff.
Down went the "boxer" who had done so well for two rounds. He took the count of nine, rose, and in a few seconds went down again, from a blow that could not have been more than a tap. He seemed to have lost courage, and though he was never "foul" or anywhere near it, he lost all interest in fighting, and obediently perched himself on elbows and knees as the referee counted him out.

The last bout was very short and sweet, principally because the far heavier man was a German who had lived in San Francisco for a long time—Hans Breitenstraeter he called himself on the programme. Hans showed just a bit of class, and the knowledge that he had been in America and presumably knew something about boxing evidently awed his eight-pound lighter opponent. It was soon after the opening of the second round that Hans hit Friedrich a tap on the chin, and he promptly gave up the ghost. He was no more "out" than the other defeated pugilists. He had had enough, and he lay quite quietly until "ten."

Where Manufacture Has Become an Art

No haphazard, no guesswork, in the production of Turnbull's Unshrinkable All Wool Underwear—in the light of over sixty years experience we have learned at every step, the importance of unscrupulous care both in the knitting and finish.

A record of unvarying quality stands back of the Turnbull label.

This proven worth has won ever widening appreciation each year, unchallenged in the world of knitted underwear.

You will never be permanently satisfied with anything else, once you have worn Turnbull's.

Not one year out of the many years, has ever been sacrificed by reducing quality.

Good appearance, wonderful softness, ease and comfort in fit, with quality always first, the best yarns, the most modern process of manufacture is embodied in Turnbull's.

It has taken over 60 years to make each link bear its share in the long record of progress that marks

Turnbull's

had sounded, then bounded to his feet and ran from the ring.

HORSEMEN PROTEST INFLUX OF TRACTORS

Say Breeders Should Meet Competitive Advertising Campaign

Protest against the campaign automobile manufacturers are waging to supplant the horse and to the advantage of the tractor was the convention of the Western Canada Livestock Union at the Empress Hotel.

"How many livestock publications are devoting space to the disadvantage of the horse and to the advantage of the tractor," said George Hoadley, M. P. P. of Okotoks. "Manufacturers in Canada and the United States are devoting themselves to destroying the use of the horse on farms. The tractor has its place, but so has the horse. The stockmen haven't yet made any protest."

"This is a destructive campaign of advertising. Are we going to meet it or allow it to go on without raising a finger? They have money to use for advertising and they buy the best brains for writing articles and there is no effort on the part of horsemen to meet the situation."

David Thoburn said that some horsemen were boosting their own particular breed and running down other breeds to the disadvantage of all.

"Although so many tractors have come into use during the last few years, I never knew of so great a demand for high class horses," said J. D. McGregor, of Brandon. "Good horses are hard to find and when you do find them you have to pay the exorbitant price. This campaign of the manufacturers will react."

"The great stimulus to breeding good horses is to find an outlet," said John Graham, M. P. P., of Carberry, Man.

\$8,332 FOR FLAX.

Winnipeg, Nov. 14.—A carload of flax sold here to-day to agents of the British Government brought \$8,332, the most valuable car of grain ever sold in Winnipeg, according to Grain Exchange officials. The price per bushel was \$4.46.

B. C. MOST STRINGENT ON TUBERCULOSIS

System in Fighting Disease in Cattle Most Thorough in Canada

Through the tuberculin test, British Columbia has cut down the percentage of tuberculous infected cattle from 15 to 1.2. W. T. McDonald, Provincial Livestock Commissioner, told the Western Canada Livestock Union at the Empress Hotel.

The Union passed a resolution endorsing the plan of the Hon. S. F. Tolmie, Minister of Agriculture, to

establish accredited herds, and the executive committee of the Union was instructed to map out further action to eradicate the disease among Canadian cattle.

Mr. McDonald declared that purebred cattle, supposedly free from disease, purchased on the prairies had been found to have tuberculosis when brought to British Columbia and tested. He said that the British Columbia anti-tuberculosis system was the most extensive and thorough in Canada. At first livestock men in the east protested against the rigors of the system here, but now they are endorsing it because of its success.

Tuberculosis is now spreading through hogs in Canada, Mr. McDonald declared.

Mr. McDonald explained the compensation plan under which a premium is assessed on each animal to compensate the owner of the animals that were destroyed. He said he was puzzled why people object to the use of meat from a carcass inspected and

found to be slightly infected, but they will not object to meat that had not been inspected at all.

J. D. McGregor, of Brandon, W. C. McKillop, of the Brandon Experiment Farm, and H. A. Craig, Deputy Minister of Agriculture for Alberta, emphasized the advantages of the tuberculin test.

Sam Shannon, of British Columbia, advised Prairie breeders to clean their herds if they want to be patronized by British Columbia breeders.

Alderman Sangster, of Victoria, urged that it should be made illegal for a breeder to sell an animal which showed tuberculosis reaction under the tuberculin test.

NO GENTLEMAN.
"The doctor, who lives next door to me is no gentleman."
"How is that?"
"It's a lady doctor."

VICTORIA CIVIL SERVANTS' SESSION

President A. B. McNeill Will Again Act; Extracts From Report

The new officers of the Victoria Branch of the Provincial Civil Service Association of B. C., chosen at the meeting last evening, will be:

President—A. B. McNeill.
Vice-President—A. Manson.
Secretary—Fred MacKenzie.
Executive—Fred MacKenzie, W. H. Stokes, H. Neville Wright, Miss Taylor, P. Walker.

The annual report, presented to the

meeting, contained the following, after reviewing the work of the year:

"The membership reached the fine total of 425, every department of the service being almost fully represented except the Education and Railway Departments, each of which only contributed one member. The membership at present includes six at Alberni, four at Nanaimo, four at Duncan and one each at Ladysmith and Ganage. If possible, a branch will be organized at Nanaimo soon to take care of the members at Nanaimo, Cumberland, Alberni and Ladysmith. Four members resigned on account of the labor affiliation, twenty-seven transferred to other points and eight left the service.

Relations With Government.

"It is gratifying to be able to record that our relations with the Government have been most harmonious, full opportunity being given for a full and frank discussion of any representations we had to make. The Government has fully recognized our Association and appreciates our endeavor to work for the betterment of the service. We are indebted to the Government for the use of rooms for meetings and for notice boards at the entrance to the buildings. This

being by far the largest branch of the Association and the branch at the seat of Government, a great amount of work for the benefit of members throughout the Province generally has been carried out, and we think we are right in saying that what we have done has been appreciated by the outside members.

"At the coming session of the Legislature we shall have to make an effort to bring in another and better superannuation bill, and a bill to amend the Civil Service Act along the lines proposed at the last session, and we shall have to work for a joint council on the basis of the Whitley scheme, which is already in operation in the Old Country and American civil services.

"On the social side, we might see what could be done towards having a Civil Service Club, which, with kindred activities, would help to generate a better spirit of camaraderie in the service."

Mr. Smarte: "She has a very difficult part in the new play."

His Wife: "Difficult? Why, she doesn't say a word!"
Mr. Smarte: "Well, isn't that difficult for a woman?"

INCREASING QUARTERS

Army and Navy Veterans to Open New Rooms With Smoker on November 22.

Owing to the large increase in membership, the Army and Navy Veterans' Association found it necessary to increase their quarters. Additional rooms are now being fitted up in the Pemberton Building and arrangements are being made officially to open them on November 22, when a smoker will be held. When Admiral Jellicoe accepted a life membership in the Veterans on Tuesday evening the total membership reached 1,561.

Secretary Young will represent the Army and Navy Veterans at the mass meeting to be held in the Drill Hall on Saturday night to discuss various matters in connection with the re-establishment of returned soldiers.

The regular meeting of the Veterans was held last night and among the business transacted was the appointment of Comrade Eastick to the executive council, vice Comrade Taylor, who has left the city.

Comrade W. H. Hadley won the \$50 Victory Bond which was purchased by the Veterans and raffled last night. The Veterans have arranged an entertainment to be held on Thursday evening next at St. John's Hall. It will take the form of a card party and dance and all members and their friends are invited to attend.

NATURAL INFERENCE.

May Mean Placing of Order For New Coastwise Tonnage

Captain J. W. Troup Leaves to Confer on Water Transportation Development With Officials at Montreal

Captain J. W. Troup, manager of C. P. R. coast steamships, left by the afternoon boat for the mainland en route to Montreal, where he will confer with the head officials of the line with regard to coastwise steamship development out of British Columbia ports. It is understood that one of the matters to be taken up by Captain Troup on his arrival at Montreal will be the question of making provision for additional tonnage to augment the C. P. R. coastwise fleet plying out of this port. It is an open secret that the C. P. R. recognizes the urgent need of securing another first class passenger steamship for the British Columbia coastwise trade. It is known that negotiations have been under way for some time past that may lead to the placing of a contract with a Canadian firm for the construction of a steamship of similar tonnage to the lost Princess Sophia. The sale of the steamship Princess May this year still further reduces the available tonnage flying the checked house flag in the coastwise trade. At the present time the C. P. R. is without a relief ship and throughout the summer months all the fast passenger ferries have been operating continuously in transporting overflow freights of tourists.

Costly to Build. The tremendous cost now entailed in the construction of a modern steel passenger vessel is considered as one of the chief reasons which has caused the C. P. R. to hesitate in placing an order for another steamship. The

plans of the company have been affected by the loss of the steamship Princess Irene and the sale of the sister ship Princess Margaret to the British Government.

These splendid 5,000-ton vessels were built to the order of the C. P. R. at the Denny yards at Dumbarton, Scotland, and were completed at the outbreak of the war.

These vessels were about to be dispatched to the Pacific coast when hostilities broke out and the fast craft were promptly commandeered by the Admiralty.

C.P.O.S. ALLOTTED EX-GERMAN STEAMSHIP FOR ATLANTIC TRADE

The British Government has allotted the ex-German liner Prinz Friedrich Wilhelm, 17,600 tons, a vessel about the size of the liner Empress of France to the Canadian Pacific Ocean Services, Ltd., to replace the steamship Melita, which the British Government borrowed to ease the congested traffic to the Far East.

JAP LINER FIRST OF FLEET TO DOCK

Katori Maru Will Reach William Head With Big Cargo and Passengers

TROOPS AND REFUGEES COMING ON MONTEAGLE

First of the inbound Oriental fleet to make port will be the Nippon Yusen Kaisha liner Katori Maru. In a wireless message from seaward this morning, W. E. Dale, local agent for the Great Northern, was advised by Captain Tozawa that the Katori Maru would reach William Head at 8 o'clock to-morrow night. The Japanese liner cleared from Yokohama November 3 and is completing the 4,500-mile run in thirteen days. At daybreak on Sunday morning the Katori Maru will be given pratique and will be the initial ship to congest the ocean dockage and warehousing facilities.

The Katori Maru is bringing in 214 passengers, including seventy-seven for disembarkation at this port. Her local cargo amounts to 1,773 tons, inclusive of a large shipment of Japanese oranges. The Katori Maru and the Manila Maru, which is due Monday, have the first shipments of this palatable Japanese fruit to be shipped from the Far East this season.

The Katori Maru also carries in her strong room 3,770 bales of raw silk, valued at approximately \$5,000, 2,850 chests of tea, for shipment overseas.

Refugees on Monteagle.

Closely following the Katori Maru is the Canadian Pacific Ocean Services liner Monteagle, Captain Douglas, is due to reach quarantine early Sunday morning and will tie up at the Outer Docks shortly after the Japanese liner. The Monteagle is bringing a contingent of the Imperial troops from Vladivostok, the last of the Imperial troops from Siberia. Her only civilian passengers comprise twenty-two refugees from Russia. The refugees were rescued by the British military authorities from the clutches of the Bolsheviks.

Two Liners Monday.

With over three hundred passengers in the saloon the Canadian Pacific Ocean Services liner Empress of Russia, Captain S. Robinson, R. N. R., will make port from the Orient early on Monday morning. The big passenger carrier is already in wireless touch and there is every reason to believe that she will dock according to schedule.

The mammoth Empresses cross the Pacific Ocean in less than ten days, and always running on train schedule, invariably berth on time. The Osaka Shosen Kaisha liner Manila Maru will also dock here early on Monday. She has ten Japanese steerage passengers for Victoria and sixteen cabin and thirty-eight steerage passengers for Seattle. For this port the Manila Maru has 1,343 tons of general merchandise, including 781 tons of Japanese oranges for the Christmas trade.

MONTREAL TO HAVE TRIALS TO-MORROW

Nineteenth Ship of French Fleet Completes Dock Overhaul To-day

The Montreal, nineteenth ship of the French fleet built and outfitted here by the Foundation Company, will run her official trials on Saturday.

The trial was originally scheduled for to-day, but as the dock was not available Wednesday the steam test had to be postponed for a day. The Montreal was on the dock this morning overhauling, but will be floated this evening and taken around to Ogden Point in readiness for her trials to-morrow morning.

It is feared by Foundation officials that the trial and delivery of the last steamer, the Nouvelle-Ecosse, will be slightly delayed owing to a mishap which occurred last week when one of the boilers was being lowered into the hold. The boiler fell a short distance when a sling snapped and repairs to the boilers will have to be effected before the work of installation can be proceeded with. It was originally planned to complete and deliver the last French ship by November 26.

WIRELESS OUTFITS ON BRITISH SHIPS

Made Compulsory by Act of Parliament For Vessels of Over 1,600 Tons

A notice to Mariners has been issued by the Canadian Government calling attention to an act passed by the British Parliament regarding compulsory installation of wireless apparatus on all British ships of over 1,600 tons register. The notice reads:

United Kingdom. (1919) Notice to all masters and ship-owners of British vessels—Wireless telegraphy requirements. The attention of mariners and others concerned is drawn to the following Act passed by the British Parliament, August 16, 1919, regarding the installation of wireless apparatus.

Chapter 38. An Act to make further provision with respect to Wireless Telegraphy on ships. (15th August, 1919.) Be it enacted by the King's Most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Requirements. 1. (1) Every seagoing British ship registered in the United Kingdom being a passenger steamer or a ship of sixteen hundred tons gross tonnage or upwards shall be provided with a wireless telegraph installation, and shall maintain a wireless telegraph service which shall be at least sufficient to comply with the rules made for the purpose under this Act, and shall be provided with one or more certified operators and watchers, at least, in accordance with these rules:

Provided that the Board of Trade may exempt from the obligations imposed by this Act any ships or classes of ships if they are of opinion that, having regard to the nature of the voyages on which the ships are engaged, or other circumstances of the case, the provision of a wireless telegraph apparatus is unnecessary or unreasonable.

(2) The Board of Trade, in consultation with the Postmaster-General, shall make rules prescribing the nature of the wireless telegraph installation to be provided, of the services to be maintained, and the number, grade, and qualifications of operators and watchers to be carried:

Provided that no ship shall be required to carry more than one operator unless more than one operator would have been required under the provisions of the Merchant Shipping (Convention) Act, 1914.

(3) If this section is not complied with in the case of any ship, the master or owner of the ship shall be liable in respect of each offence to a fine not exceeding five hundred pounds, and any such offence may be prosecuted summarily, but if the offence is prosecuted summarily, the fine shall not exceed one hundred pounds.

Inspection. (4) A surveyor of ships or a wireless telegraph inspector may inspect any ship for the purpose of seeing that she is properly provided with a wireless telegraph installation and certified operators and watchers in conformity with this Act, and for the purpose of that inspection shall have all the powers of a Board of Trade Inspector under the Merchant Shipping Acts, 1894 to 1916.

If the said surveyor or inspector finds that the ship is not so provided, he shall give to the master or

STERN MEASURES FOR PREVENTION OF FIRE URGED

(Continued from page 2.)

property. The insurance companies create nothing; they are merely the trustees of a common fund. The contribution to this fund must at least equal the demands upon it. Only as fire losses decline over the whole country, can insurance rates be appreciably reduced. The property owner, as a rule, considers the question of insurance as affecting only the policies upon his own property, and ignores the fact that every fire in Canada is represented in the premium he pays, and that every article necessary to his living or pleasure likewise bears a due proportion of the fire tax in its cost. The amount of this general charge is indirect and difficult to determine, and therefore the consumer pays it unquestioningly. A loaf of bread bought at a retail store is loaded with the insurance cost of the retail store, the bakery, the flour warehouse, the flour mill, the terminal grain elevator, the country warehouse, the farmer's barn, as well as transportation insurance during its journey from the wheat fields to the domestic table. All this the ultimate consumer pays, and none can escape. Every fire loss occurring from Halifax to Vancouver impoverishes every individual in the country, hampers the wheels of industry and destroys in part the security which is back of our national credit. Recognition of this phase of the fire waste problem is fundamental to reform.

"All attempts to reduce fire losses in Canada have so far been applied in three directions, viz., correction of the habits of the people by education, improvement of properties by fire insurance inducements and adoption of elementary safety measures by local legislation.

Educational Propaganda.

"1. Educational propaganda has been largely confined to general statements relative to the extent of fire waste and to the promulgation of warnings, calling for carelessness in respect to more common fire hazards. The fruitlessness of these efforts is indisputably evidenced by the present situation in Canada and it is even more clearly demonstrated in the United States, where fire prevention movements have been in existence for a score of years. Mr. Franklin W. Smith, secretary of the National Fire Protection Association of America, thus summarizes the situation: 'For many years we have devoted ourselves to the consideration of fire hazards and the instruction of the common understanding in the subject of fire waste. While we have been painstakingly and laboriously working, the national ash heap has been steadily augmenting, until we find ourselves with the results of our unselfish labor on our hands, facing fire losses greater than those of all the world, and facing a public which is wholly indifferent to them. In view of this experience we may conclude that fire waste conditions require a more salutary discipline than a presentation of facts. Seventy-five per cent. of all fires originate from causes that are fully comprehended by nine-tenths of the people. Education should not be disparaged on that account, but its limitation should be recognized. No concrete gain will be achieved so long as our attempts to prevent fires remain in the realm of persuasion instead of being transferred to the realm of individual duty enforced by the sanctions of the law. It is largely waste time to strive to educate individuals, and particularly children, against carelessness, that may conceivably result in fires. What is needed is to educate the public in the idea that, prima facie, fires are not accidents, but that the majority of fires are due to the acts or omissions of individuals who are morally responsible for the costs they inflict upon the community at large.

Physical Improvements.

"2. Of recent years the insurance companies operating in Canada have, through the financial inducement of lower rates, attempted to bring about physical improvement of properties with a view to limiting fire losses. No one can sincerely question the fact that the companies, solely for their own benefit, if for no broader reason, earnestly seek to learn the true causes of fires. From my own experience, I know that important information relative to the condition of practically every property in Canada is systematically gathered and used for rating purposes. There appears to be no logical reason why such information should not be also used by some public authority to compel improvements and thus prevent fires. It is obvious that the mere penalizing of defects by increasing insurance rates does not remove the defects. The strongest advocates of schedule rating admitted that the financial inducement offered for improved risks has brought about no appreciable reduction in the fire loss. The reports of the Dominion Superintendent of Insurance show that the burning ratio of insured property is practically the same today as twenty or thirty years ago. It must be recognized that the insurance companies cannot arbitrarily press drastic requirements upon the public, because the public is too suspicious of the companies to support such action. In addition, there is a point beyond which the prevention of fires may be inimical to the interests of the companies, and they are naturally not disposed to protect the public interest to their own disadvantage. It is generally admitted that if insurance were not obtainable, fire losses would be greatly reduced. Insurance policies can only be secured from insurance agents, and the Government should demand that the thousands of agents scattered throughout Canada know who and what they are insuring, and so conduct their business as to prevent fires as well as reap their commissions.

Existing Regulations.

"3. Existing laws in Canada as affecting fire waste are in the main

loose, unrelated, lacking in uniformity and centralized authority, and generally neglected in enforcement. Fire marshal laws have been enacted in six of our provinces, but they are of limited scope, and for the most part are effective only in connection with the gathering of statistical data and the investigation of incendiary fires. In Quebec, no provision has yet been made for administration. In Manitoba and Saskatchewan enforcement is in the hands of the Superintendent of Insurance. In Ontario and British Columbia special fire prevention officials have been appointed. A vigorously and fearlessly administered fire marshal law in each province is fundamental to a properly organized fire prevention movement, but it is absolutely essential to success that it be free from political interference. Other than the existing fire marshal acts, the only laws in respect to fires are the statutes prescribing safe exits from buildings and the permissive powers conferred upon local authorities by the various municipal acts. The latter are mainly governmental evasion of responsibility. In sixty per cent. of the municipalities in Canada no competent action has been taken under the powers granted by municipal acts, and even where by-law have been enacted, their provisions are seldom effectively and uniformly enforced. In one important city, the building ordinance has been amended by the council in no less than twenty-seven instances during the past three years to permit influential citizens to erect prohibited types of buildings. Condemnation of a dangerous condition by a public official is, in many places, the signal for his immediate dismissal. Suspended by the threads of political partisanship or local influence, the sword of Damocles hangs over the inspector who seeks to faithfully apply the provisions of the law. I mention these matters merely to emphasize the fact that dead letter ordinances engender a disrespect for law and order that cannot but effect the character of our citizenship. We need to recognize the ancient truth that the law is not the antithesis of liberty, but its only guarantee.

Little Progress

In view of the increasing fire waste it is clear that very little is being achieved by present attempts to cope with the problem. Sporadic education inducements and hit-or-miss legislation are at most a trench warfare aimed at wearing down public indifference. The distant future may justify these methods, but the need for betterment is immediate. To secure results, we must first have a concerted plan of action. The problem of fighting fire waste is analogous to the problems of beating the Hun.

Measures Already in Force.

"Let us briefly review the agencies that may be mobilized for this purpose," continued the speaker. "Whatever the national significance of fire waste, it is obvious that every fire is local in origin, and therefore amenable to local treatment. Nearest to the local problem is the municipal fire department. We tax ourselves to the limit to maintain fire brigades as effective weapons against fire waste, and then, instead of taking the offensive, we wait to be attacked, and, in Canada, waste the energies of over 4,000 men in a purely defensive campaign. Efficiently organized, unhampered by politics and given adequate authority, our fire departments would prevent fires as well as extinguish them. Every paid fireman in Canada should be a fire prevention inspector, clothed with power to enforce reasonable laws with respect to the safe occupancy of buildings.

"Next to the fire departments are the fire insurance agents, numbering in Canada from 10,000 to 20,000. These agents are supposed to inspect every insured property at least once a year and report dangerous or defective conditions to their respective companies. Every agent should be compelled by law to periodically inspect every risk he insures and report defective conditions to the chief of the local fire department or provincial fire marshal, so that correction may be obtained. A small addition to an insurance rate for the maintenance of a fire hazard in a building may justify an insurance company in carrying the risk, but it does not justify the company to the Canadian public. From my own experience, I know that the property owner, whose sole idea of safety is a lower insurance rate, must be taught the duties of Canadian citizenship by more effective means.

"Both the fire departments and the insurance companies are local; their consciousness and viewpoint are not concerned with the problem of fire waste outside of their own particular locality. They are separate, detached, unorganized units, like army corps without a base. Here arises the opportunity and responsibility of the province as the co-ordinating and legislative unit. The office of fire marshal should be efficiently organized in every province and vested with authority to enforce all statutes, ordinances and by-laws relating to fire and fire prevention. There is no logical reason why every measure affecting fire waste should not be incorporated into one general fire prevention law forming minimum requirements for the entire province. This law should be enforced locally by the municipal fire department under direct authority from the fire marshal or by an official appointed by the local authorities in places where no fire department is maintained. The fire marshal should, in a general way, supervise all inspection work, and should issue final orders for the removal of dangerous conditions. With these measures properly enforced, I predict a reduction of at least fifty per cent. of the present fire loss. There is no mystery in preventing fires. Every building in Canada can be made reasonably, if not absolutely, safe. The property owner who insures to cover his neglect is not gambling with the insurance companies; he is staking his self interest against the common

good in a game where the public always loses.

Proposed Measures.

"Having established in our local fire departments and provincial fire marshal departments the legislative and administrative machinery necessary to deal with fire waste conditions, the final question for consideration is the plan of attack. Here is the point where we have always failed. Success in reducing fire loss is a matter of tactics. Back of the local and provincial forces the Dominion Government has established my department to take the national view and co-operate with the provincial governments in formulating a uniform plan of action. In order that there may be no overlapping of Dominion and provincial efforts, with its consequent loss of energy and inevitable irritation, we have outlined a definite policy, and that policy has been widely approved by provincial and municipal authorities in Canada. In general, the scheme for organization is as follows:

"A fire prevention league, established under the fire marshal department in each province, will appoint local committees in every city and town of importance. The particular functions of the league will be to create a strong local sentiment in favor of fire prevention measures and rigid enforcement of all laws designed to prevent fires. Public meetings will be arranged by the central executive of each provincial league to address such meetings. The carrying on of this work will be entirely provincial, but my department stands in readiness to assist in its inauguration, and thereafter to co-operate in any general scheme of publicity."

Heavy Penalties.

Describing a recent amendment to the Criminal Code, framed to make the public careful of fire, on pain of severe punishment, Mr. Smith said: "It is our belief that this measure will bring about a prompt change of conditions in respect to fires. The provisions, at first sight, may appear somewhat drastic, but to those who have given the situation serious consideration such measures appear absolutely necessary."

"At the present time, all authorities agree upon one point: Something must be done. That is so much gain. The next step is: What must be done? In attempting to answer that question, many palliatives have been suggested, but no solution. The consensus of opinion is that fire prevention is a matter of elementary education, and that fires will miraculously cease by placing text-books in the hands of school-children, using picture films in theatres and writing newspaper articles dealing with the dangers of fire. That such efforts are foredoomed to failure is obvious. Are school children or the class of people which frequent moving picture theatres responsible for Canada's fire waste? Records over a number of years show that more than 55 per cent. of the total fire loss in Canada occurs in less than three per cent. of the fires. Although in the year of 1913, 17,300 fires entailed an aggregate loss amounting to \$33,623,000, more than \$23,236,000 or 69 per cent. of that loss was caused by 273 fires. Sixty-two fires in manufacturing plants alone were responsible for a loss of over \$14,600,000, or almost one-half of the total of the Dominion.

"What is true of Canada is equally true of any specific locality in Canada. Last year the fire loss in British Columbia amounted to approximately \$2,000,000 or \$5.25 per capita. Of this tremendous loss \$1,296,000 or 61 per cent. of the total was occasioned by eleven fires in lumber mills and other large industrial plants. Losses in Vancouver alone accounted for over 75 per cent. of the total loss in all city municipalities in the province.

Big Fires That Count.

"While fully appreciating the desirability of protecting women and children from the incendiary, match and inducing householders to maintain reasonable cleanliness in cellars and basements, I do not hesitate to assert that these methods will never touch the fringe of the situation in the present generation. If the 12,000 dwelling fires which occur every year could be eliminated, the actual fire loss of the Dominion would be effected by less than 5 per cent. On the other hand, if some 300 fires which annually damage large mercantile establishments and manufacturing plants could be prevented, at least 65 per cent. of our fire waste would be avoided. And education or legislation to be effective must be directed, therefore, toward the real offenders—the business men of Canada. Through insurance channels, they have hitherto evaded responsibility. Now that the future prosperity of the country is largely in their hands, they cannot, with clear consciences, neglect their public duty, nor longer permit the eight million people of Canada to bear the burden of their neglect and be indicted before the world as a nation of careless spendthrifts."

A TRICKY QUESTION.

"Which is correct, 'I am a fool,' or 'I am a fool?'"
"I am a fool."
"I thought so."

To-day or Saturday Your Last Chance

You know the "why" of the Victory Loan 1919.

You know that Canada's prosperity depends upon the success of the Victory Loan.

You know that if the bonds are not sold every industry in the country must suffer.

You know that if industry suffers thousands of people will be without employment.

You know the hardship and suffering that follows lack of employment.

You know that an investment in Canada's Victory bonds is secure beyond discussion.

You know that 5½% is a good rate of interest on a secure investment.

You know that Canada's Victory Bonds can be turned into cash at any time.

You already know that Canada's Victory Bonds are likely to increase in value.

You know that you, like every other citizen, have a responsibility to Canada in this matter.

You know that your employer (if you are a worker) will help you to finance your purchase of bonds.

You know (if you are an employer) that it is your duty to assist your employees to buy bonds by helping to finance them.

You know that the banks are prepared to help you to buy bonds, and that you should ask some banker for information.

You know that if you have not bought as many bonds as you can possibly pay for now, and with your future savings, that you have not bought as many as you should.

You know you have just two days left, to-day and to-morrow, so make up your mind NOW to do your full part and buy as many as you can of

Canada's Victory Bonds 1919

Births, Marriages, Deaths

BORN.

SIMONS — At Rutherford's Maternity Home, 2231 Shakespeare Street, on November 13, to the wife of Le Roy C. Simons, of 255 Bechworth Ave., a son.

MURRAY — To Mr. and Mrs. F. O. Murray, 1540 Bank Street, a daughter.

DIED.

CAWDELL — On the 13th inst., at St. Joseph's Hospital, Frederick Charles Cawdell, aged 65 years, a native of England and a resident of Victoria for the past 2 years. He is survived by 4 children, a son and daughter in England, Mr. Charles L. Cawdell, of this city, and Mrs. M. O'Rourke, of Brandon, Manitoba. The remains are resting at the Thompson Funeral Home, where services will be held on Saturday at 2:30 p. m. Interment at Ross Bay Cemetery. (Brandon papers please copy.)

POWELL — Marjory Powell, only child of Bertram Wood and Jessie Powell, of Simsbury, and granddaughter of Mrs. L. W. Powell, of Oakden, Victoria, aged 12 years, on November 11, 1919. Arrangements for the funeral will be announced later.

BANK ASSOCIATION HAS A NEW HEAD

Montreal, Nov. 14. — The annual meeting of the Canadian Bankers' Association was held here yesterday. E. L. Pease, managing director of the Royal Bank of Canada, retired from the presidency after three years' service, and the office went in the usual rotation between Montreal and Toronto to a Toronto banker, C. A. Bogart, general manager of the Dominion Bank. Mr. Pease was made an honorary president of the Association.

Shakatoon, Nov. 14.—James d'Arcy, of Vesp, Sask., was burned to death in his store. Two men were seriously injured in attempting to rescue him.

PRINCE OF WALES AIDS RED CROSS

Assists Christmas Campaign in States; Visits Annapolis Naval Academy

Washington, Nov. 14.—Before going to Annapolis to-day to inspect the United States Naval Academy, the Prince of Wales purchased 100 Red Cross Christmas seals from Adrienne Mayer, the five-year-old health crusader who recently was decorated by General Pershing for making a perfect score in the children's health crusade against disease.

"Startling facts on public health conditions were shown by the medical examination of millions of men during the war," said the Prince in making the purchase. "These facts have demonstrated clearly the necessity of attacking harder than ever such menaces as tuberculosis. I am sure this world wide work has the approval of every thoughtful person. The seals really represent the ounce of prevention. I wish the campaign all success."

Before leaving for Annapolis he called on Mrs. Marshall, wife of the Vice-President. After inspecting the Academy and reviewing the cadets, the Prince will return here and will leave to-night for a southern resort for a stay of several days.

POINTS FARMERS TO MILL FEED PRICES

O'Connor, of Commerce Board, Replies to McGregor, of Manitoba

Toronto, Nov. 14.—When the Board of Commerce, Chairman Robson presiding, began its session here to-day the complaint of Mr. McGregor, of Manitoba, that the orders of the Board had been detrimental to the livestock industry of the country was brought up.

"Not one cent has been taken from the farmers by my orders," declared Mr. O'Connor. "The Board had the right to prevent the price of milk being raised pending the placing of the producers' case before the Board."

"If Mr. McGregor wants to make a complaint, let him take up the price of milk feed, which is to be before the Canadian Wheat Board in Winnipeg."

Sugar.

Winnipeg, Nov. 14.—While wholesale sugar dealers here say the public must get along with brown sugar, owing to the scarcity of white sugar, they still assert that good granulated sugar is being sent overseas by the shipload.

VICTORY LOAN IS MOUNTING FAST

Aggregate of \$452,256,478 Is Reported Up To Date

Toronto, Nov. 14.—A total of \$452,256,478 has been subscribed to the Victory Loan, according to reports up to noon to-day. The total, however, is inclusive of returns up to only Wednesday night from British Columbia, Alberta, Saskatchewan, Manitoba, New Brunswick, Nova Scotia, Prince Edward Island and Montreal; up to Thursday night from Ontario province and Quebec, and up to Friday noon from Toronto. The latest available returns from the provinces were as follows: British Columbia, \$22,090,538; Alberta, \$10,409,490; Saskatchewan, \$9,429,300; Manitoba, \$25,730,950; Ontario, including Toronto, \$253,965,100; Quebec, including Montreal, \$105,560,250; New Brunswick, \$9,301,500; Nova Scotia, \$14,463,850; Prince Edward Island, \$1,140,000.

Toronto up to noon to-day had subscribed \$101,803,300. Montreal up to Wednesday night had reported collections of \$82,116,750.

New Plan is Urged For Organization of Armies of Empire

London, Nov. 14.—The House of Commons Army Committee has forwarded to the Prime Minister an expression of opinion that the Imperial General Staff should be developed on principles approved by the representatives of the Overseas Dominions at the conference of 1907, which means it should be organized as a central body, with branches in each part of the Empire removed entirely from the jurisdiction of the War Office.

JELICOE AT WINNIPEG.

Winnipeg, Nov. 14.—Admiral Jellicoe will arrive in Winnipeg on November 23 and leave for Ottawa on the morning of November 25.—The only public function so far arranged is a luncheon on Monday to be given by the Navy League.

DOES MONEY EVAPORATE?

Money spent on medicinal preparations often does! In this way—You buy a preparation, use perhaps a third of it, and put the remainder on the shelf. When next you need it—omit for use! Two-thirds of the money value of your expenditure has "evaporated."

Just there is where Zam-Buk is so different—so superior! Zam-Buk is not only 100 per cent. medicine, but, owing to its freedom from salicylates, it never becomes rancid, but will keep indefinitely. Buy a box to-day, use what you require, put the remainder away, and when you have occasion to use it again, you will find its healing, soothing and germ-destroying powers just as effective as the day you bought the box!

Zam-Buk stops bleeding, ends pain, draws out sores and prevents blood-poisoning in cuts, burns and scalds. Without equal as a remedy for eczema, sores, piles, ulcers and blood-poisoning. 50c. box.

Zam-Buk

NOBEL PRIZES ARE AWARDED TO GERMANS

Stockholm, Nov. 14.—The Nobel Prize for physics for 1918 has been awarded to Professor Max Planck, of Berlin University. The physics prize for 1919 has been given to Professor Stark, of Griefswald University. The chemistry prize for 1918 goes to Professor Fritz Haber, of Berlin University. The chemistry prize for 1919 will be held over until next year.

AGONIES OF NEURALGIA

Victoria Man Finds Quick Relief in T.R.C.'s

Victoria, Oct. 4.—"I have suffered a great deal during the past six years from acute neuralgia and have tried many remedies and treatments," states Mr. Escott, 347 Esquimaux Road, Victoria. "About two months ago a friend who had been completely relieved of rheumatism by T.R.C.'s gave me two of your capsules when I was having one of my bad attacks. Their action was like magic. I was astonished to feel the agonizing pain gradually lessening. Within half an hour it was gone. It seemed like a miracle."

"Since that time I have put T.R.C.'s to the test on several occasions. They never fail to drive the pain away, and the attacks seem less frequent now. I am never without T.R.C.'s. They are wonderful." Templeton's Rheumatic Capsules (T.R.C.'s) were primarily intended for Rheumatism, Muscular Rheumatism, Gout, etc., but as time passed users found their wonderful properties equally good for Neuritis, Sciatica, Neuralgia, Asthma and headaches. Thousands have found permanent relief through their use. Sold by druggists—agents everywhere. If not in your town, write Templeton's Western Branch, Box 152, Victoria. T.R.C.'s mailed anywhere for \$1.04. A postal brings our free booklet.

BOLSHEVIKI LOSE BREST-LITOVSK

Insurgents Win Control of City After Stiff Fight

London, Nov. 14.—The Bolsheviks have been overthrown in Brest-Litovsk, a Soviet wireless dispatch from Moscow to-day admits. After fighting the insurgents there for eight days, the dispatch says, the Bolsheviks withdrew "underground." (This expression is commonly used in Russia to indicate the temporary abandonment of an attempt to control, and abandoning open organized efforts for the time being.)

The communication asserts that the Bolshevik army in Siberia has captured 90,000 tons of grain. Another announcement in the message is to the effect that 90,000 tons of oil were burned in a fire at Grozny, in the northern Caucasus.

"UNION RECORD," OF SEATTLE, IS SEIZED AGAIN BY OFFICIALS

Seattle, Nov. 14.—Federal officers to-day again seized and closed the office and plant of The Seattle Union Record, daily newspaper.

General Meeting of all members of the Foundation Swimming Club, Thursday evening at 8 o'clock, Foundation Club House.

DECLARES MINERS ASKING TOO MUCH

American Secretary of Labor Asks Moderation Be Displayed

Washington, Nov. 14.—Demands of union miners for a thirty-hour week and a sixty per cent. increase in wages "are impossibilities and ought to be eliminated at the very beginning," Secretary Wilson declared to-day in opening the conference between union officials and operators called by him to settle the differences existing in the coal industry.

Charles ton, W. Va., Nov. 14.—Three unauthorized strikes were preventing miners from returning to work in ten coal mines in the Kanawha field to-day.

More than 600 miners in the Little Coal River district were said to be in open rebellion against their leaders, closing six mines, and, according to reports, preventing other miners from working.

New Agreement. Millburn and Ramadge miners voted to stay away from the mines until a new wage agreement had been signed.

From other districts reports reached the Kanawha Association that men were slowly returning to work at approximately fifty per cent. of the union mines.

Slight Increase. Chicago, Nov. 14.—Only a slight increase in the amount of bituminous coal produced throughout the United States was in prospect to-day. The miners generally showed a disposition to await the developments of the meeting to-day at Washington of miners and operators, called by Secretary of Labor Wilson, to negotiate a new wage scale.

Conference. Washington, Nov. 14.—At a conference of coal miners and operators from the bituminous coalfields this afternoon, Secretary of Labor Wilson, acting as mediator, hoped a lasting settlement would be reached in the differences which led to the strike.

Fuel Administrator Garfield has accepted an invitation from Secretary Wilson to attend and likely will act in an advisory capacity.

Reasonable. Both the miners and operators have indicated their willingness to accept a reasonable adjustment of their differences. Success of the conference depends on all parties coming into the parley without commitments, Fuel Administrator Garfield said to-day.

Another Case of Sleeping Sickness Found in Winnipeg

Winnipeg, Nov. 14.—One more case of "sleeping sickness" was reported to the health office to-day. Dr. G. Bell, head of the Bacteriological Branch of the Provincial Board of Health, has sent notices to every doctor in the Province asking that all cases of the disease be reported immediately upon discovery. Five new cases, including two fatal ones, were reported to the city health office yesterday. This brought the total number of deaths to four.

Will Morning Never Come

DOES this illustration picture your experience?

What is more distressing than being unable to sleep?

Sleeplessness is one of the first and most certain symptoms of exhausted nerves.

This is the warning that you need the assistance of Dr. Chase's Nerve Food to restore vigor to the nerve cells and thereby avoid the development of serious nervous trouble.

By improving the quality of the blood and building up the nervous system this food cure brings new energy and strength to the whole body.

50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Middle Aged Women

Women should take warning from such symptoms as nervousness, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women: Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—hot flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Gordon, 226 Napoleon St., Fremont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to the annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK KASSEL, 1316 South Orchard Street, Urbana, Ill.

HON. T. D. PATTULLO VISITOR IN OTTAWA

Ottawa, Nov. 14.—Hon. T. D. Pattullo, Minister of Lands of British Columbia, has been in the capital for a couple of days on Departmental business with the Dominion Government. In the course of conversations, Mr. Pattullo spoke optimistically of the general conditions and expressed the view that the coal province would come safely through the readjustment period after the war.

FARMERS' PAPERS.

Toronto, Nov. 14.—It is said that a movement is on foot by the farmers to start a paper in New Brunswick and to co-ordinate the new paper with The Farmers' Sun, of Ontario, and The Grain Growers' Guide, of the Prairies. The idea is said to be to link up the three newspaper organs of the farmers of the Dominion for advertising purposes while

each paper will maintain an editorial independence. In connection with the scheme it is said that The Farmers' Sun and the New Brunswick paper will be modelled on The Grain Growers' Guide and published in magazine form.

DE VALERA'S FLAG REMOVED FROM AUTO

Portland, Nov. 14.—A flag of the so-called Irish Republic was removed from the automobile of Eamonn de Valera, leader of the Irish independence party, here to-day by request of a party of former service men headed by Ensign A. T. Kurts.

DAYLIGHT SAVING

Nelson, Nov. 14.—The Nelson Board of Trade launched a movement last night for daylight saving in 1920, either Dominion-wide or province-wide, in the latter case by abolition of Pacific time, in harmony with the States to the south.

Women's Auxiliary to Great War Veterans.—The regular meeting postponed from Friday, 14th, to Friday, 21st, owing to the President's illness.

SAY MEAT PRICES SHOULD SLIDE LIKE THOSE OF PACKERS

Stockmen Also Ask For Education in Use of Cheaper Cuts

Prices of meats in retail shops should be on a sliding scale based on the sliding purchase price at the packing house, stockmen decided at the convention of the Western Canada Livestock Union at the Empress Hotel.

They asserted that a flat rate is charged the consumer without regard to classification and that retail prices are based on the maximum. They asked the Dominion Government for the proper grading of meat being retailed and the inauguration of a sliding scale in keeping with the sliding prices of the packers. They also want the educational authorities to introduce instruction for boys and girls in selecting of meat products and cuts.

"At our winter fairs we put on demonstrations of the cutting of meat to show people the cuts," said J. D. McGregor, of Brandon. "We had large crowds and people were much interested."

Use of Cheaper Cuts.

"In going up and down through the Northwest country I find that there is a very great deal more intelligent use of the cheaper cuts of meat directly attributable to the demonstrations carried on at fairs," said Miss E. Cora Hind, agricultural editor of The Manitoba Free Press. "People were putting up excellent foods out of these cheaper cuts that they knew nothing about using before."

"There is a very great need for education on the various cuts of meat and their relative value," said J. A. McLean, professor of Animal Husbandry in the University of British Columbia. "At the Iowa State College the feature course for years was John Gossling's demonstration of meat cutting."

Select Steer Meat.

"There is a great amount of old cow beef put on the market to-day," said W. H. English. "A woman takes home select steer meat which is from select steer's mother or grandmother, but is based on the select steer price."

A resolution was passed dealing with the whole meat retail situation, which instructed the executive to take the subject up with the Dominion Department of Agriculture, and with the various Provincial Departments of Education the possibility of an active and practical campaign of education in the public and secondary schools to instruct both boys and girls in the matter of proper methods of selecting meat products consumed in the home.

ELKS' SMOKER

Excellent Address by Dean Quainton on Paternal Comradeship.

The monthly smoker of the Elks' Club, held at their Clubrooms last evening, was as successful as its predecessors. A programme of songs and recitations evoked hearty applause from the crowded room, while the short addresses by H. C. Hall, M.P.P., and Dean Quainton were equally appreciated.

Among the contributors to the evening's entertainment were the following: Pianoforte solo, A. Steers. Vocal solos, Wm. Galt, George Swain, Gus McLean, E. H. Waude, T. Holman. Recitation, S. Davies. Comic songs and recitations, Alf. Adams and Mr. Ingledew.

Mr. Killam acted as accompanist. H. C. Hall gave a short talk on the history of local Elksdom, its trials and tribulations and present flourishing position in the social circles of the community.

A new champion of the League of Nations was heard when Dean Quainton included the league as the sixth cycle of a child's life.

In opening his address the Dean touched on the helplessness of the babe, the sacrifices and devotion of the mother. He contended that in the case of a youth, maternal influence is based as the child advanced in years, and gradually the examples of the father made their impression.

Dean Quainton then spoke of the benefits to the child of comradeship with the father, citing cases where the latter participated in games.

The third cycle, said the speaker, was "a home not a home," when the child now grown to manhood became a bachelor. The reverend gentleman asserted that no home was really home without a woman's magic wand.

School education, stated the Dean, to a great extent depended upon the home training, inasmuch as the religious influence inspired by the parents' teaching tended to have a steady influence at school.

A ministry of health was advocated by the speaker, who quoted the late Lord Rhonda as saying that had such an institution been in vogue in England at the commencement of the war one thousand infants' lives a week would have been saved to the Empire.

Lastly, the speaker warmly espoused the League of Nations as the hope of posterity in avoiding another Armageddon, and believed that Britishers and Americans should cultivate friendship with one another.

A. S. Dadds, Harry Skuce and Gus McLean had charge of the arrangements for the evening, while Past Exalted Ruler Daryl Spence acted as chairman.

Swan Victor's Dead—Thirty years ago Victoria presented to the city of Tacoma two beautiful swans, which were named by the park commissioners of Tacoma Victor and Victoria. Mayor Porter has just received word that Victor is dead, and the loss is keenly felt by the people of Tacoma, who were in the habit of frequenting Wright Park and making friends with the birds and animals there. Victor did not die of natural causes, but after a battle with a large dog, the canine being the conqueror.

Like: "Oh, she just bought a new record for this phonograph."
